Will Build If Greece, Italy Accept Bases Khrushchev Menaces With Missile Bases

MOSCOW (P) — Premier Nikita Khrushchev threatened again Saturday to build missile bases in the mountains of Albania and Bulgaria unless Italy and Greece forget about plans for Western missile installations on their territory.

"I believe that the governments of Italy and Greece will be sensible and will not agree to subject their peoples to danger," Khrushchev said in a plea for a "rocket-free, nonatomic zone under mutual control" in the Balkans.

"To put rocket installations into motion means to start a world war, to plunge the peoples of peaceful countries into its abyss."

Beaming and suntanned, the Kremlin chieftain drove straight to the Sports Palace in Lenin Stadium for a rally of 20,000 people after arriving home from a 12-day visit to two Soviet bloc states, Albania and Hungary.

In several speeches in Albania he hammered repeatedly on the threat to counter missile bases in Italy and Greece with Soviet launching pads in Albania.

Italy has agreed to the building of NATO bases for American intermediate range missiles on her territory. Greece has announced no such agreement.

Khrushchev, in his 45-minute speech, said conditions in Albania and Bulgaria "are exceptionally favorable for the setting up of rockets. There are high mountains, deep gorges, there is enough room for rocket sites."

He asked this question: "If rockets are to be set up against us in the territory of Greece and Italy, why should we fire on them from a long distance (from Soviet bases) when we could destroy the opponents' bases with small rockets from the territory of Albania and Bulgaria?"

The Soviet Premier said Yugoslavia as well as other Communist countries had supported a Romanian suggestion for an atom-free Balkan zone.

"But unfortunately these sensible peace-loving Romanian proposals did not meet with the support from the governments of the non-Socialist (non-Communist) countries of the Balkan peninsula," Khrushchev continued.

"If this proposal meets with no support and the aggressive policy of the Western powers is carried on in the Balkans, the Soviet Union, together with all the countries of the Warsaw Pact, will be forced to set up rocket bases closer to the bases of the aggressors."

Khrushchev said the people of Albania are convinced "neither the Greeks nor the Italians, nor anybody else, would now dare attack Albania" because she is backed to the hilt by other Communist countries in the Warsaw Pact.

Italy and Greece are behaving unreasonably about permitting rocket bases on their soil, he said, because:

"It is impossible to believe seriously that little Albania intends to attack Italy or Greece."

"Neither has the Soviet Union such intentions—the Soviet Union which borders neither Italy nor Greece."

These (Western-aligned) nations are in favor of the bases he added, "in order to get up steam for carrying on the cold war. To provide no opportunity for lessening international tension or melting the ice of the cold war."

Enrollment Deadline For Swimming June 8

The enrollment deadline for the Red Cross swimming classes at Liberty Park pool has been set for Monday, June 8. The classes are free of charge. Each person enrolling has a preference of the two periods: June 16 through July 3, and July 7 through July 24, with classes conducted Tuesday, Thursday and Friday mornings according to the particular age group.

Junior and Senior Life Saving classes will be conducted in early August.

State GOP Adopts Set Of By-Laws

Designed to End
Intra-Party Strife,
Increase Power

JEFFERSON CITY (P) — The Missouri Republican state committee Saturday adopted a set of by-laws designed, leaders said, to eliminate intra-party strife and to weld the GOP into a potent force in the 1960 general election.

The big change from traditional operations calls for three regular meetings of the state committee each year, instead of merely on the call of the chairman.

Drafters of the by-laws said that would give members an equal opportunity to "put in their two-bits worth" on party matters.

The by-laws also permit any 15 members of the 44-member state committee, or the chairman, to call a special session if a difficulty should arise to require immediate action.

Most party leaders hailed the action as a beginning toward a strong campaign in 1960.

Norman Parker of St. Louis, chairman of the 11-member committee that drafted the by-laws, said it was a "real party effort, a starting point from which to rebuild our party, a first step in a long, laborious road."

For years the GOP has been bogged in intra-party factionalism that could not be cured even by campaign years.

Richard A. Erickson of Kansas City said the western part of the state has been vitally concerned with the party split. "Now," he said, "we think they (the by-laws) will meet the emergencies."

Rep. Thomas B. Curtis of Webster Groves, Missouri's only Republican Congressman, praised the committee.

"I think that what you've done here," he said, "is the basic ground-work in the job of rebuilding the party for 1960."

"Now we can iron out our differences. Factionalism should tend to disappear."

He was critical of the Democrats who, he said, called themselves the representatives of the little people. At the same time, Curtis said, the Democrats have urged the federal government to take from the states all control of unemployment compensation insurance.

There had been reports that H. K. Wanglin of Poplar Bluff might be unseated as state committee chairman. But no one raised the question of committee officers at the open meeting.

At the conclusion, Wanglin said it was the "most harmonious meeting I have ever attended." He pledged his cooperation in improving the party's position in Missouri through operation of the by-laws.

They Want It Right Down to the Last Cent Next Time

WASHINGTON (AP)—A million-dollar error in an Air Force contract went right by the Air Force's auditor general.

It wasn't discovered until a year later, when Congress' General Accounting Office went over the contract.

House investigators listened to the story Friday in open awe. "Fantastic," muttered Chairman F. Edward Hebert (D-La.) of the Armed Forces Investigations subcommittee.

The \$15,400,000 contract was with Avco Mfg. Corp., Crosley Division, Cincinnati, Ohio. It was for fire control systems in the B52 bomber.

The error came when extra components, which belonged to another contract and had been accounted for in it, were mistakenly charged to the control systems contract.

When the error was discovered, Avco immediately acknowledged the mistake and refunded the money. It said it was sorry and would tighten up its own procedures.

Observe D-Day In France

Paratroopers
Drop in Fields
Of Normandy

SANITE MERE EGLISE, France (P)—American paratroopers floated down into the fields of Normandy again Saturday and marched into the village of Sanite Mere Eglise in symbolic reenactment on this 15th anniversary of D-Day.

The American flag floated in front of the town hall of Sanite Mere Eglise by 4:30 a.m., June 6, 1944. The village claims to be the first French community liberated by American troops.

This time they dropped in broad daylight before the admiring gaze of several thousand inhabitants of the region. They were welcomed at the entrance to the village with soft drinks instead of murderous enemy fire.

The drop was made by 24 members of the 505th Airborne Infantry Regiment, now stationed in Germany. On D-Day, the 505th was part of the 82nd Airborne Division. Sixteen of those jumping Saturday made the invasion leap into Normandy. Lt. Gen. James M. Gavin, wartime commander of the 82nd, was on hand for the commemorative ceremonies.

Several paratroopers were trapped Saturday by trees and hedgerows but there was no damage. Two maers who were sucking foals sitted nervously about an adjoining field. Everyone landed in the drop zone.

It wasn't like that in 1944, the veterans recalled. The troops were badly dispersed during the massive drop in the half-light just before dawn. Some were hung up on trees and cut down by German fire before they could be released.

Two airborne divisions—the 82nd and 101st—were dropped before H-hour on D-Day. Gen. Gavin recalled that in the first 33 days of fighting, about 60 per cent of the 82nd Infantry group had been killed, wounded or listed as missing.

Those returning Saturday paid their solemn respects to fallen comrades in ceremonies at the town hall and at the monument to the 82nd Division in the tree-lined village square and at the local cemetery where the victims were first buried.

Earlier in the day, memorial services were held at the American Cemetery on the bluffs overlooking Omaha Beach and on the beach at the monument marking the spot the 116th Infantry Regiment of the 29th Division landed.

Members of all the American divisions which made the initial assault mingled with the crowd at both ceremonies.

Excess Wheat Charge Is Set at \$1.07

The marketing quota penalty rate on excess wheat of the 1959 crop has been announced as \$1.07 per bushel, C. A. Staples of the Pettis County Agricultural Stabilization and Conservation office has announced. As directed by law, the rate was set at 45 percent of the wheat parity price as of May 1.

Under the wheat marketing quota program, Staples explains, a farmer who does not comply with his farm wheat acreage allotment is subject to a penalty on the farm marketing excess, except that a farmer who harvests 15 acres or less of wheat or who has the approval of the county committee to produce up to 30 acres of wheat for feed on his own farm is not subject to quota penalties.

A farmer who has excess wheat acreage planted may avoid the marketing penalty by adjusting his acreage to the farm allotment before an announced date or by storing his excess wheat under bond or delivering it to the Secretary of Agriculture.

Atlas Explodes Just After Launching

CAPE CANAVERAL, Fla. (P) — The Air Force's giant Atlas rocket exploded shortly after launching Saturday, jolting U.S. hopes for an operational intercontinental-range ballistic missile by this summer.

It was the fifth straight time an Atlas missile failed to travel an intended 5,000-mile path down the Atlantic. Four of the rockets exploded, including the last three. In all, the Atlas has blown up 10 times in 25 flight tests.

OPENS THE ATLANTIC CONGRESS—Queen Elizabeth II, standing, opens the Atlantic Congress in Westminster Hall, London, with a call to give NATO-nation peoples "a clear lead" in closer cooperation. Seated, left to right, are Lord Kilmer, J. J. Fens, Prince Philip and Prime Minister Macmillan. (NEA Radio-Telephoto)

Largest Medical Study Ever in US

A Million Americans Will Be Asked Questions on Cancer

NEW YORK (P) — This fall one million Americans will help answer this question: What elements in your daily life can lead to cancer?

The six-year project is the largest medical statistical study ever attempted in the United States, the American Cancer Society announced Saturday.

It aims to test some theories and suspicions about cancer, such as:

The possible relationship between some jobs and cancer; whether cancer strikes some families more than others; whether some other diseases set a person up for cancer; whether childbirth is associated with cancer or whether failure to breast feed a child leads to breast cancer; whether cigarette filters are effective in holding down lung cancer.

If you are chosen, you may be asked questions like these:

How much exercise do you get? Do you often add salt to your food? Pepper? Catsup, mustard or spices? Mayonnaise or salad oil? Do you often eat ham? Pork? Hot dogs? Smoked or salted fish? Potatoes? Cooked vegetables? Fruit or fruit juices?

How many cups of coffee or tea do you drink each day? How many glasses of milk, soft drinks or beer? How many drinks of wine, whiskey, gin?

How often do you take regular or buffered aspirin, vitamins, sleeping pills, tranquilizers, laxatives or antacids?

Do you or did you smoke? How much did you smoke and what did you smoke? Cigarettes, cigars or a pipe?

The study is based on a theory that most cancers are caused by factors in the environment, things people come in contact with day

by day, said Dr. E. Cuyler Hammond, the cancer society's chief statistician.

Some everyday things like cigarettes are suspected cancer-causers. But many of the items mentioned in the study are only pieces of the whole picture, not known cancer-causing elements. Some are shots in the dark. Some are not suspected at all.

Larry Messick Hurt in Bicycle, Car Accident

Larry Eugene Messick, 10, son of Mr. and Mrs. Gene Messick, 319 North Prospect, received a fractured left thigh bone, fractured left knee cap and a cut left knee as result of a car-bicycle collision at the intersection of Main and Grand at 1:10 p.m. Saturday. According to Dr. Donald C. Procter, who attended the boy, Larry is resting well at the Bothwell Hospital.

According to the police report, a 1957 Chrysler station wagon, driven by W. G. Whitaker, 1301 South Warren, was making a left turn off Main on to Grand, and the boy was riding the bicycle east on Main at the time of the collision.

Whitaker said he was watching the traffic light, which had turned amber. He stepped on the brake, slowing the car to about five miles per hour, he said, and failed to see the boy until he was about two or three feet from him.

The boy, according to Whitaker, was thrown off the bike, landing on his stomach. Whitaker rushed to his side, picked him up and put him in the car. He asked the assistance of two witnesses, Mrs. Harry Broyles, 801 South Main, and Mrs. J. Burford, 201 East Cooper, and took the boy to Bothwell Hospital.

Then, Whitaker said, he went to the police station and reported the accident.

Drowning Victim Recovered From Lake

OSAGE BEACH, Mo. (P) — The body of a drowning victim was recovered Saturday from the Lake of the Ozarks.

It was identified as that of Homer D'Ornellas, 28, of Farber, Mo., who fell from a motorboat last Sunday while towing a water skier.

A fisherman found the body floating in the water.

Road Job Is Awarded

Nixa Firm Gets
Work on Route ZZ
In Pettis County

The Missouri State Highway Commission, under bids received May 22, now has awarded a \$202,321 contract for building about 7½ miles of state supplementary Route ZZ, in Pettis County, to Hedgepeth and Stewart of Nixa.

The improvement extends from Route B, about four miles southwest of Sedalia, southerly to Missouri Route 52, about a mile south of Manila. The contract calls for grading, bridging and gravel or crushed stone surfacing and includes a 260-foot continuous I-beam bridge over Flat Creek and a 160-foot like structure over Basin Fork.

The contractor has been notified that work on the project may begin on or about June 22.

Construction will be carried out under the supervision of the department's District 4 office at Kansas City, where M. J. Snider is the district engineer. W. J. Groves, the district's construction engineer, will direct the work with a resident engineer as yet to be assigned to the work.

This is one of 21 counties in the state on which the State Highway Commission has completed contracts for work on 51.8 miles of the state's highways costing about \$11,806,468, under bids received May 22. The work includes six miles of Interstate system improvements, 2.2 miles of primary system work and 43.6 miles of secondary highway system construction.

95 Million Will Be Seeking Work in 1975

WASHINGTON (P) — The number of men, women and children working or seeking work in this country will total 95 million by 1975, the Labor Department estimated Saturday.

The department said the labor force is expected to increase by 11 million between 1955 and 1965, and to jump an additional 15 million in the 1965-75 decade.

Policemen Welcome 'Speed Trap' Signs

PEEKSKILL, N. Y. (P)—A mysterious sign painter has been posting "speed trap" signs to warn motorists that police have set up mechanical timers ahead to detect those traveling too fast.

The police don't mind, they figure it is helping their efforts to slow down highway travel.

Reds Press Demand West Quit Berlin

Never, and No
Compromise, Says
Herter to Gromyko

BY SEYMOUR TOPPING
GENEVA (AP)—Soviet Foreign Minister Andrei Gromyko, in a fruitless Big Four secret session, pressed Saturday his demand that the Western Allies abandon their occupation of West Berlin.

"Never, and there will be no compromise on this issue," was the substance of the reply reported to have been flung back by U.S. Secretary of State Christian A. Herter, French Foreign Minister Maurice Couve de Murville and British Foreign Secretary Selwyn Lloyd.

After the ministers ended their two-hour bargaining session at Lloyd's red brick town house, responsible Western informants reported: "No sign of a break in the Berlin deadlock."

Gromyko showed no tendency to accept the Western plan for reaffirmation of Allied rights in West Berlin, a freeze on the size of Western troop garrisons there, and an all-Berlin curb on inflammatory propaganda and subversive activity.

What little optimism persisted among Western ministers was based upon the view that Gromyko has avoided slamming the door on an eventual approach to the Western position.

Hints of impatience were cropping up among the Western ministers. Outside the conference room, there was some talk of imposing a deadline on the dragging four-week-old talks. But nobody was suggesting an imminent breakdown.

Herter was pictured as keeping in mind instructions from President Eisenhower that every prospect of an honorable settlement must be explored thoroughly and patiently.

West Berlin officials openly expressed concern, however, that protracted negotiations might sap the will of their citizens to withstand the Communist threat.

The East German press hinted that a retaliatory "temporary" blockade might be imposed on West Berlin if the West German Electoral Assembly meets there July 1 to name a new federal president.

Highly Important Matter, Says Dirksen Clean Language Ordered In Senate Debate Over Strauss

By JACK BELL

WASHINGTON (AP)—No purple language. That's the word that has gone out to Lewis L. Strauss' supporters in the Senate debate over his nomination as secretary of commerce.

Senate Republican Leader Everett M. Dirksen of Illinois told reporters Saturday he had cautioned Strauss' backers to keep their tempers no matter how rough the going may become when Democratic critics start blasting at the nominee.

"This matter is of high impor-

tance and the debate should be conducted with the utmost dignity," Dirksen said. "I have urged the people on our side to avoid personalities and testiness."

"I want them to avoid flamboyance and purple language."

Sen. Harry F. Byrd (D-Va.), one of Strauss' supporters, said the approaching Senate vote on the nomination has international overtones.

"President Eisenhower has committed himself strongly in support of Strauss," Byrd said in an interview. "He has made it known he would not withdraw the nomination. Under those circumstances if confirmation is denied, it will be regarded abroad as something of a repudiation of the President."

The Senate will resume debate on the nomination Tuesday. Monday has been set aside for action on an appropriations bill. A final vote on Strauss may be reached late in the week, although it may be delayed further.

Some Democratic senators have accused Strauss of being devious in his dealings with Congress when he was chairman of the Atomic Energy Commission. Sen. Gale McGee (D-Wyo.), one of the most vocal of the critics, said Strauss "cannot be trusted to tell the truth."

Dirksen said he has made no polls of how senators stand on the nomination but retains the belief that Strauss will be confirmed. Chairman Warren G. Magnuson (D-Wash.) of the Commerce Committee, who is opposing the nomination, said he thinks 10 to 15 senators haven't made up their minds finally.

Magnuson's committee voted 9-8 in favor of Strauss.

Atlanta Told To Integrate Its Schools

ATLANTA (AP)—Atlanta school officials have been ordered to stop operating segregated public schools and to present a plan for integration within a reasonable time.

The U.S. District Court ruling Friday said segregated schools are illegal but it did not set a specific date for the end of segregation in Georgia's largest school system.

Judge Frank A. Hooper indicated that any final order would not mean integration next September in Atlanta, seat of the government of one of the very few states without integration at any public educational level.

The decision brought a step nearer the showdown on whether Atlanta's schools will be integrated or closed. Under state law any school ordered integrated would automatically lose state funds and could be shut down by the governor.

Hooper specifically granted an injunction sought by 10 Negro parents of 27 children asking an end to public school segregation in the city.

In a statement issued at the end of the day-long hearing, the judge said his final order would cover these three points:

1. That racial discrimination has and does exist in Atlanta's schools.
2. That the plaintiffs would be granted an injunction prohibiting the Atlanta Board of Education from operating public schools on a segregated basis.
3. That the Atlanta school officials would be allowed a reasonable time to submit a plan for integration.

B. D. Murphy, leading counsel for the Board of Education, said after the decision that "it's my guess the ruling will be appealed."

Other defendants declined comment.

Atlanta now has about 70,000 white pupils and 31,000 Negroes in a system enrolling about 10 percent of all the state's school-age children.

Rooney and Starlet He Wed in Mexico Are Expecting Baby

HOLLYWOOD (AP)—Mickey Rooney and the blonde starlet he said he secretly married in Mexico are expecting a baby in October. "I'm so happy I could bust!" the actor said by telephone Friday from Las Vegas, where he is appearing.

Rooney, 38, said he married Barbara Thomason, 22, Dec. 1 after a quickie Mexican divorce from Elaine Mahnken, his fourth wife. She divorced him in Santa Monica, Calif., May 18, but the decree won't be final in California for one year.

Rooney said the coming birth announcement, only two days after his announcement of the Mexican divorce and remarriage, made this week "kind of hectic."

He said his wife told him about the baby three months ago, while their marriage was still secret.

Rooney has three children: Mickey Jr., 13, and Timothy, 12, by Betty Jane Rase, and Teddy, 9, by Martha Vickers. Ava Gardner was his third wife.

Blockade Held Over the Heads Of West Berlin

BERLIN (AP)—An East German Communist official today warned that West Berlin may be blockaded temporarily if the West German presidential election is held in the city.

The veiled threat came from Gerhart Eisler, who formerly lived in the United States and is now a top East German propaganda official.

Writing in the Communist Berliner Zeitung, Eisler said East German workers had told him that if West German plans are not cancelled "then we shouldn't allow a single transport into West Berlin as long as the Bundestag meets in West Berlin."

The Bundestag—the lower house of the West German Parliament—has been planning to convene July 1 in West Berlin as part of the federal Assembly to elect a successor to President Theodor Heuss.

The West German government, whose seat is in Bonn, had intended the meeting as a symbolic demonstration that Berlin is still regarded as the capital of all Germany.

There have recently been reports from the foreign ministers conference in Geneva the Western allies have suggested it would be better to cancel the plans for an election in West Berlin.

Youth Killed As Car Plunges Into Lake

ABINGDON, Va. (AP)—A car carrying a young couple swerved off a southwest Virginia cliff at cruising speed Friday and plunged 150 feet into a lake.

Stephen L. Dickerson, 19, of Bristol, Tenn., was killed. His companion, Laura Gray, 23, also of Bristol, freed herself and swam to shore.

The auto submerged in 15 feet of water in South Holston Lake eight miles south of here. Miss Gray was hospitalized with knee and face cuts.

Stover Alumni Holds Meeting to Plan

A meeting of the Stover Alumni was held May 15 for the purpose of electing officers.

Mr. Jesse Walters, superintendent was elected temporary chairman until the president was elected. The following received offices: President, Mrs. Leon Fischer; vice-president, Mr. Frankie Johnson; secretary-treasurer, Mrs. Nathan Meyer. Various committees were appointed for the jobs of decoration, entertainment, etc.

Another meeting was called May 6 for further planning of Stover's Alumni Dance which will be held June 20 at Stover High School gym from 9 to 12 p.m. Committees reported their progress in plans they had made. The entertainment committee reported they have engaged an orchestra from Sedalia. Refreshments and decorations were also discussed.

We hope there will be a large turn out as Stover has not had an Alumni Dance for several years. This is a good way for old friends and classmates to see one another.

In the English masque of the time of Queen Elizabeth and James I, everything that could be brought to the eye and ear was brought upon the stage. Fairies, satyrs and Greek gods danced about or paraded with measured step to the light, gay tunes of musical instruments. The masque was something like a pageant. It grew out of the old English custom of "mumming," when disguised revelers went from house to house at Christmas time.

Kemper Military Cadet Named This Month

Bill Cowgill, son of Major and Mrs. W. J. Cowgill, Whiteman AFB, has been designated for the fourth consecutive month a star cadet at Kemper Military School, Boonville, for meeting the qualifications for the past grade month.

Qualifications include high scholastic and military grade averages and an excellent disciplinary record. A cadet designated is eligible to wear a silver star for the following month.

Bill was presented his star and certificate at a formal parade attended by 600 persons during Kemper's annual Parent's Day.

DAYTON, Pa. (AP)—David Coleman, 91, a foundry owner, plans to marry 82-year-old Carrie Kiehl Sunday night.

After the pair applied for a marriage license at nearby Kittanning, Coleman, with tongue-in-cheek, commented:

"The world's full of women and there's no use being without one."

It will be Coleman's fourth marriage, her second. Their former mates are dead.

Morton Charges Back Door Raids On The Treasury

GREEN BAY, Wis. (AP)—Republican National Chairman Thurston B. Morton accused the Democratic-controlled Congress Saturday of making what he called back door raids on the Treasury and of failure to pass vital farm legislation.

The Kentucky senator, in a speech prepared for a Republican state convention, said the Democrats have been taking it relatively easy in the regular money appropriation bills.

"In other measures, however," he added, "that famous 'back door' to the Treasury is getting as jammed as a telephone booth on a college campus in the spring-time."

He referred to authorizations committing the Treasury to financing approved spending plans. He said this is technical but it comes out of the taxpayers' pockets nevertheless.

Morton said the House had breached the President's budget by \$5,367,000,000 and the Senate had increased it by 3½ billion dollars as of May 31 through inaction on proposed revenue increases and overaction on appropriations.

Morton predicted that farm voters "are coming back home to the Republican party" as a result of what he called Democratic failure to act either on a wheat program or a general farm program.

Whittier Teachers Honored With Lunch

The Whittier Parent and Family Life Study Group honored the teachers and the other employees of the school with a luncheon at noon Friday, May 29, at the school.

The tables were beautifully decorated with rose bowls and arrangements of red roses.

Each guest was presented with a handkerchief corsage.

Mrs. Lloyd Abney gave the blessing preceding the meal.

A crowd of 200 is expected.

Unless Governor Long Accepts Treatment, Hearing Is Planned

GALVESTON, Tex. (AP)—Gov. Earl K. Long of Louisiana will undergo a sanity hearing June 16 unless he submits voluntarily to continued treatment at John Sealy Hospital and psychiatric clinic.

Long, 63, normally hot-tempered and full of blistering comments, listened silently when he heard that Probate Court Judge Hugh Gibson had ordered the hearing in "the best interests of Earl K. Long as a mentally ill person."

Gibson appointed three prominent Texas lawyers to represent Long at the hearing because, he said, he hadn't heard from the governor's family.

Mrs. Long committed the governor to the hospital Tuesday for mental treatment. She said he was suffering with physical and mental exhaustion and should be confined for his own protection "and that of others."

Long was flown from Baton Rouge, La., to the hospital last Saturday after showering his wrath before the Louisiana Legislature when even his political supporters helped defeat one of his pet bills.

Editor Pays Fine for Son Of Playwright

PERTH AMBOY, N.J. (AP)—A sympathetic magazine editor has paid a fine for Shane O'Neill, son of the late playwright Eugene O'Neill.

O'Neill, 39, was jailed Friday when he could not pay the \$50 fine on a disorderly person conviction. He had pleaded guilty earlier in the day to failure to carry an identity card required of narcotics users in New Jersey.

Croswell Bowen of Chappaqua, N.Y., sent the fine and \$5 costs to the Municipal Court by money order. Bowen is editor of the Madison Avenue Magazine and collaborated with O'Neill on the book "The Curse of the Misbegotten."

He said O'Neill "is a former heroin user who is making a desperate and successful struggle to stay off the stuff. To my knowledge he has not taken heroin since 1948."

Police found O'Neill wandering dazedly Thursday. They said he had a large medicine bottle of white pills identified as amphetamine sulphate, a narcotic.

Bowen said amphetamine sulphate is a form of benzadrine and use of benzadrine helps former addicts fight a return to drugs.

Sears Microfilms Given to University

ST. LOUIS (AP)—Microfilms of Sears, Roebuck & Co. catalogues dating back to 1892 were presented by the firm yesterday to St. Louis University. A similar presentation will be made to Washington University.

The microfilms will be available for study purposes at libraries of the universities.

Recording of the 66 years of annual catalogues required nearly a mile of 35-millimeter film. A person could read the entire set in 16 weeks of five eight-hour days, if he spent no more than one minute on each page.

Navy Photographs Red Sub South of Iceland

WASHINGTON (AP)—The Navy not only sighted a Soviet sub south of Iceland, it photographed same.

The Navy, which made the picture public Friday night, said the Red submarine was of the "Z" class, a long range type but powered by conventional diesel and battery motors.

A U.S. submarine and a Navy plane spotted the sub loafing on the surface last week about 180 miles south of Iceland. The picture showed no deck structure such as might be used to launch missiles. Some of the "Z" subs are believed to be equipped for missiles.

Exchange Mailman Has Returned Home

ST. LOUIS (AP)—America's first exchange mailman, Francis E. Maher of suburban Kirkwood, is back home today after a month in Norway and some experience in a more relaxed way of life.

"They don't have the hustle and bustle we have," Maher said of his Norwegian hosts. "They do things in a more leisurely way—and they're very happy."

Maher demonstrated his red, white and blue motor delivery scooter in Norway and reported the mailster made a great hit. Norway's exchange mailman, Birger Aamot, arrives in St. Louis Wednesday to repay the visit.

Authorities Seek Person Who Tried Blow-up of Train

DES MOINES (AP)—Authorities launched a mass effort Saturday to track down the person who made an unsuccessful attempt to blow up a Rock Island Rocket train with 200 passengers.

A dozen federal, state and county officers aided by railroad detectives were called to a meeting by Polk County Sheriff Wilbur Hildreth to pool their ideas on getting to the bottom of the mysterious dynamite attack on the train.

Ninety nine sticks of explosive bundled into a suitcase had been placed on the tracks at the eastern outskirts of the city early Friday. The wheels of the Chicago-bound train severed a 12-foot lighted fuse in time to prevent the dynamite from exploding.

Hildreth came up with several theories about the motive behind the case.

Mrs. Garansson Is Installed As Women's Club President

Miss Hazel Palmer, immediate past president of the National Federation of Business and Professional Women's Club and a member of the local club, in a very impressive ceremony installed Mrs. Marjorie Garansson, a close friend, as president, and other newly elected officers of the Sedalia Business and Professional Women's Club Thursday night at the Bothwell Hotel. Mrs. Garansson is special agent for Prudential and a partner of the Rosencrans and Garansson Insurance Agency.

Miss Palmer paid high tribute to Mrs. Shirley Wagner, retiring president, and stated that upon the work of the past presidents should be built a stronger foundation for a still better club. The new officers, she said, should work in co-ordination and cooperation, with nothing in mind but to serve the club and promote its interests and welfare. Upon the president, more than anyone, falls the success of the club but she cannot do it alone, Miss Palmer said. To have success there must be harmony and she urged that the members of the club at all times serve as a part of the civic and social life of the community. She then pinned a gift, a tiny gold gavel, significant of the presidency, on Mrs. Garansson, this to be handed to each succeeding president.

Mrs. Katharyn Rosencrans, as installation chairman, introduced Miss Palmer.

The state recording secretary, Miss Marie Wood of Columbia, and the past state president and state career advancement chairman, Miss Alberta Meyer, were special guests.

The entertainment of the evening was a musical book review, "The King and I," given by Mrs. Dorothy Hopkins, with Miss Lilian Fox at the piano.

Mrs. Hopkins thrilled her audience as she portrayed effectively the various characters in the book, particularly Mrs. Anna, the English woman who went as a teacher to Siam, her young son, the King of Siam, and his young son. The change of her voice, her expression, her manner, the dramatic moments, anger, laughter, fear, sadness and tears, proved her outstanding acting ability.

Mrs. Hopkins has become very much in demand for her delightful reviews which are enhanced still more by her singing the hit tunes of the play during the review.

Mrs. Hopkins was introduced by Mrs. Imogene Peoples, music chairman, who also introduced William C. Hopkins, husband of the speaker.

The business meeting was presided over by Mrs. Wagner, with invocation by Mrs. Flo Winzenreid, chaplain.

New officers installed with Mrs. Garansson were: First vice-president, Mrs. Ann Brown; 2nd vice-president, Mrs. Marguerite Scott; secretary, Mrs. Delta Mae Russell; treasurer, Mrs. Mary Jane Wilson; auditor, Mrs. Mildred Bowman; chaplain, Mrs. Dorothy Huddleston; custodian, Mrs. Jessie Baker; historian, Mrs. Lavina Coontz; parliamentarian, Mrs. Lucille White; sergeant-at-arms, Mrs. Mildred Goddard; and director, Mrs. Shirley Wagner.

Mrs. Wagner expressed her appreciation to the members of the club for their service and cooperation during her year as president and particularly to her committee chairmen, each of whom she presented with a gift. She gave a resume of her year and the many things accomplished during that time.

Mrs. Frieda Nelson presented Mrs. Wagner with the past president's pin and congratulated her on her very successful year.

Mrs. Wagner then gave the gavel to the incoming president, Mrs. Garansson, who thanked the club for the opportunity to serve as its president. She said that there are many things to be done, and they would try to live up to the national theme this year: "Effective Living for Business and Professional Women." She told briefly of some of her plans, which included civic work, helping with the Centennial and sponsoring a new BPW club either in Sedalia or some other surrounding town.

She then introduced her new committee chairmen for the year: Career advancement, Miss Georgia Giokaris; finance, Mrs. Marguerite Scott; health and safety, Mrs. Betty Yeager; international relations, Mrs. Marjorie Davis; legislation, Mrs. Irene Dirck; membership, Mrs. Ann Brown; national security, Mrs. Dolly Middleton; program coordination, Mrs. Vivian Warren; public affairs, Mrs. Frances Sagaloff; public relations, Mrs. Jessie Goist; bulletin editor, Miss Lois Fricke; scholarship, Mrs. Mary Harlan;

Mrs. W. W. Ettleman of Omaha, Nebr., Miss Lilly Clark and eight children of the neighborhood were visitors. Mrs. Ettleman read scripture from Matthew 5:1-2.

In the absence of the president, Mrs. William Mullett presided at the business meeting which opened with singing, "My Wild Irish Rose."

Mrs. A. E. Williams and Mrs. Carl Cole, project leaders, gave a demonstration on "Aids to Pressing."

Several motions were made and carried during the business session and Mrs. James Phillips gave a report on marketing.

The meeting adjourned with reading the Club Collect.

Refreshments were served by the hostess.

Mrs. George Eichelberger and Mrs. Chatham Read received secret pal gift.

Smith-Cotton Grade Cards Given Out; E Students Listed

By DOUGLAS SHOEMAKER
Grade cards have been given to Smith-Cotton students at the completion of their year's work. Underclassmen received their cards Friday, May 29, and seniors a week earlier, due to the many activities the last week of school.

Those students who received three to six excellent (E) grades are as follows:

Dolly Alexander, a freshman at S-C, earned six E's in home-making, art, algebra, civics, English and health.

Five E's: Jeffery Kahrs, elementary science, literature, English, social studies and arithmetic; Judith Kreisel, elementary science, literature, English, social studies and arithmetic; Danny Lane, algebra, civics, general science, English and health; Alice Vogel, algebra, English, civics, health and home economics.

Four E's: Peggy Alexander, Gary Dyer, Mertie Ford, Virginia Hilton, Judy Lane, Glenda Lewis, Priscilla Scott, Carol Shoemaker, Randy Short, Judy Weseloh.

Three E's: Janette Ady, Bonnie Cole, Trudy Damm, Beverly Fleming, Jane Gray, Janice Grimes, Don Hausam, Paul Horner, Vicki Hunnell, Bill Hurt, Judy Jiedel, Stanley Jones, Carol Kueck, Joane Miller, Marva Mustain, Diane Momborg, Linda Ream, Karen Rohrbach, Kay Rotermund, Gloria Rouchka, Becky Schmidt, Annetta Schupbach, Douglas Shoemaker, Mark Shelby, Sandra Sutter, Anne Uhr, Ted Walch, Jon Waller, Wanda Walters, Beth Wicker.

Thirty-nine other students earned two E's and 102 others excelled in one subject.

These E students listed represent about 3 1/2 per cent of S-C's enrollment.

On the average the upper 5 per cent receive E's; the next 20 per cent S Superior; the next 50 per cent of the students M Average; the lower 20 per cent I Inferior and the lowest 5 per cent fail. This is not a hard and unchangeable rule, however. This final quarter about 6 per cent earned excellent grades.

Receiving five E's were two eighth grade students and two freshmen. Two eighth grade students, one freshman, two sophomores, one junior and one senior received four E's.

Most students study only four subjects, those with five and six E's worked very hard.

Three Participate In 'Twin Peaks' Navy, Marine Drills

Marine Pfc. Robert N. Breathers, Warsaw, Marine Acting S-Sgt. Rayburn C. Hewitt, son of Paul D. Hewitt, Knob Noster, and Boatswain's Mate 2-c Leland O. Alexander, son of Mr. and Mrs. Levi Alexander, Sweet Springs, all took part in an amphibious landing on the beaches of Camp Pendleton, Calif., from May 17 to June 2.

The operation, known as "Twin Peaks," involved more than 60 Navy ships and over 25,000 Marines. It was the largest exercise of its kind since January, 1957.

Air and ground forces were launched against aggressor forces involving the newly redesigned helicopter assault carrier USS Princeton, from which attacking troops launched assaults at inland targets.

Concordian Trains In Army Exercises

Army Specialist Four Chester E. Tebbenkamp, 22, son of Mrs. Amelia Tebbenkamp, Concordia, recently participated with the 3rd Infantry Division in extensive field training exercises at the Hohenfels Training Area in Germany.

During the exercises, basic infantry tactics were reviewed, beginning with squad and platoon

Hugs tighter on turns...

the road-hugging Wide-Track Pontiac!

Wide-Track Wheel design brings car and road into a new relationship. The wheels of a Pontiac are five inches farther apart. This widens the stance but not the car. There's a feeling of complete control, road-holding response. You're steadier, more secure, balanced. Lean and sway disappear. It's the automotive advancement of the year and one of the big reasons why you see so many new Pontiacs these days. Hasn't the day come for you to drive this sleek beauty? The keys are waiting.

THE ONLY CAR WITH WIDE-TRACK WHEELS
Dotted lines show conventional wheel positions. Pontiac's wheels are five inches farther apart. This widens only the stance, not the car itself. Pontiac hugs tighter on curves and corners. Sway and lean are considerably reduced, ride is smoother, balanced, steadier.

MAKING ROOM FOR MORE—This stark, angular structure is taking its place beside the stately concrete silos that have long been a landmark in the grain belt. It is a metal building recently constructed by the Missouri Farmers Association in Mexico, Mo. It was built to serve farmers storing grain under government loan and has room for 250,000 bushels. Storage of federal farm surpluses is now the number one business of private grain warehouses, under the watchful eye of the Commodity Credit Corporation. Cost to the government for storing grain during fiscal 1959 is estimated at 422 million dollars. It is expected to rise to 558 million in 1960.

Lightning Bolt Kills Two Children

NEW YORK (AP)—Lightning bolts killed two children and injured the rest of a picnicking family in Central Park Saturday, while four golfers and a caddy were knocked down by another bolt on a New Jersey course.

The deaths and injuries occurred as a flurry of thundershowers swept parts of the metropolitan area.

When the rain struck near the carousel in Central Park, Mrs. Rose Caporale, her four children and their uncle were picnicking.

They ran under a huge oak tree for shelter from the rain, and lightning struck the tree. Roslyn, 11, and Christopher, 12, were killed, and the others knocked down by the force of the shock.

Mrs. Caporale and the uncle, Nick Kambourakis, were kept in a hospital overnight for treatment of severe shock. Kambourakis also suffered superficial burns about the body.

The two surviving children, less seriously hurt, were later released from the hospital.

Meanwhile, at the Ridgewood Country Club in Paramus, N.J., four golfers and a caddy were standing near a tree when it was struck by a bolt of lightning.

The charge apparently traveled through their spiked shoes and threw them to the ground.

One of the golfers, William R. Nobel, was taken to a hospital, where he was reported in fair condition, suffering electric shock.

The electric storm struck Central Park as it was crowded with Saturday strollers and picnickers, but the Caporale family apparently were the only lightning victims there.

Implications of New Scientific Knowledge Said in AP of Study

ST. LOUIS (AP)—Chancellor Ethan A. H. Shepley of Washington University said Saturday the nation's universities are discovering new scientific knowledge with effect on future generations.

"We are appallingly ignorant of the implications of our own acts as universities," he said in a speech prepared for 920 St. Louis University graduates at commencement exercises.

The educator said the universities are unmindful of the consequences of their pursuit of truth.

"The answer lies not in restricting our scientists but in making every effort to study at once the implications of new scientific knowledge," he said, "so that we can live in confidence and not fear what we learn."

The two universities in St. Louis are exchanging commencement speakers this year. The Very Rev. Paul C. Reinert, president of St. Louis University, will speak at Washington University's commencement Wednesday.

Nevada Man President Of Young Democrats

ST. JOSEPH, Mo. (AP)—Willoughby O'Connell of Nevada was named president of the Missouri Young Democrats here Saturday. Joseph C. Pruett of Kansas City was named executive vice president.

Other officers elected were administrative vice president, Patricia Austin, St. Louis; recording secretary, Elvis Walker, St. Louis; corresponding secretary, Bill Miles, Jefferson City; treasurer, Norman Baarken, St. Louis; sergeants at arms, Mrs. Webster Gilmore, Sikeston, and Alex Bartlett, Warrensburg.

Program Is Planned

A miscellaneous program will be held at Burns Chapel Freewill Baptist Church at 3 o'clock this afternoon with Mrs. Nancy Molden Williams as the principal speaker.

The program is sponsored by Groups No. 7 and 10. Maurice Strother and Mary Williams, captains. Rev. J. Y. Jackson, pastor.

Bomb Blast, Gunfire Over Coal Strike

HAZARD, Ky. (AP)—A dynamite bomb exploded outside the home of a nonunion coal operator and gunfire was heard in the hills of this strikebound eastern Kentucky area Friday night.

No one was reported injured in the renewed violence which took a third life Friday in the three-month-old United Mine Workers strike.

But one coal operator, who declined to be identified, said Saturday: "The operators have been pushed as far as we intend to be pushed. We can't take any more of this."

He didn't elaborate.

State police headquarters have reported no trouble since Friday when miner Bobby Jenkins Jr., 25, was shot and killed by a state trooper attempting to arrest him for shooting at a nonunion trucker.

But Lawrence P. Maggard, who operates a truck mine near Whitesburg, said several sticks of dynamite thrown from a passing car shattered the windows of his home before midnight. He offered a \$1,000 reward for information leading to a conviction in the incident.

Other operators in a general area extending from here to Whitesburg, 40 miles away, reported shooting in the hills at many points.

The area has been the danger spot of the strike, called by the UMW to get a \$2 daily wage increase to \$24.25 daily and a clause prohibiting handling of nonunion coal.

Scattered gunfire has been almost a nightly affair. But the latest outbursts heightened tension in the wake of Friday's death and the wounding of another miner.

Chester Blair, 20, was shot in the arm and hand when snipers fired hundreds of bullets at a nonunion camp near Sasfras.

Some 7,000 miners are out of work because of the strike. Operators have obtained a federal court order prohibiting the UMW from all strike activities.

First Kansas Wheat Of 1959 Is Harvested

KIOWA, Kan. (AP)—The first Kansas wheat of the 1959 season was harvested near here Friday and sold Saturday morning.

The first load went to the O. K. Co-op, sold by Harry and John Schupbach, who have a ranch three miles east of Kiowa.

Dwight Anderson, manager of the Co-op, said the wheat was Early Triumph, had 12.6 moisture and tested 61 pounds. Anderson said that wheat would average 20 to 25 bushels in this area.

Eight ministers repeatedly have assured the 2,200,000 West Berliners they will never be abandoned. But Western talk in Geneva of even synoptic cuts in the Western garrisons has stirred uneasiness among West Berliners.

Western hopes that Premier Nikita Khrushchev might intervene to break the Geneva deadlock on Berlin were dissipated Saturday when the Soviet Premier made no reference to the conference in his Moscow speech. Returning from his tour of Albania and Hungary, Khrushchev concentrated on warning that rocket bases might be set up in Albania and Bulgaria unless there was an agreement to keep the Balkans free of rockets and nuclear weapons.

One Communist source close to the Soviet delegation ridiculed private suggestions by Western delegations that Gromyko was marking time in Geneva while awaiting new instructions from Khrushchev.

Chapel A.M.E. Church, with the Rev. W. H. Hickman officiating.

Burial will be in the Lebanon (Mo.) Cemetery.

Mrs. Paul Graham, 906 South Grand, has been admitted to St. Mary's Hospital, Kansas City, for eye surgery.

• Accidents

A minor car accident occurred at 3:15 p.m. Friday on Highway 50, one and three-tenths miles east of LaMonte. No injuries were reported.

Involved in the mishap was a 1953 Cadillac driven east on Highway 50 by Raymond H. McKinley, 32, Independence, and a 1959 Chevrolet pickup truck also driven east by John H. Webb, 30, Kansas City.

According to Trooper Richard Joos, State Highway Patrol, who investigated the accident, the collision occurred after the Cadillac slowed to make a left turn onto a gravel road. As the car started into the turn, Joos said, the pickup started to pass.

Damage resulted to the left front of the Cadillac and to the edge of the right front and left rear fender of the pickup.

Joos said the accident occurred about 15 feet from him. He was parked on the road side, working one of the radar units of the Highway Patrol.

A 1957 Cadillac belonging to John H. Russell, 206 West Ave., was the victim of a hit-and-run driver around 10:20 p.m. Friday. The car, parked in the 500 block of South Massachusetts, received damages to the left rear door.

• Police Reports

The front door to Jeff's Barber Shop, 800 block West 16th, found open by the police at 8:55 p.m. Friday, was locked by officers and a note was left for the owner.

Police found the front door to the Material Roofing and Supply Co., Broadway and Ingram, open. It was locked by the officers and note was left, at 8 p.m. Friday.

Lt. C. R. Brown, WAFB, reported that while his car was parked in front of 1805 South Carr, a small hole was shot through his windshield. The hole could have been caused by a BB gun, he said.

A prowler was reported at 12:35 a.m. Friday at 116 East Seventh. Police found no one there when they investigated.

• Police Court

James Rolls, 1805 South Beacon, charged with permitting a dog to run loose from his premises and damaging garden and flowers of James W. Halsey, 1815 South Beacon, pleaded innocent but was found guilty and fined \$10.

Cramer Opens New Music Store In His Home

J. M. Cramer, Jr., has opened a new music store, Cramer Music Center, in his home, 1710 West Ninth, where he sells new and used instruments, tunes and services, pianos and also sells accessories such as piano lamps, pedal pads, piano covers, etc. He is the authorized dealer for Gulbransen pianos, and also has the new organ sales and service for the Harmophone, a new portable electric organ.

Cramer is a native Sedalian, worked for about two years in the circulation department of the Sedalia Democrat-Capital, has done accounting and bookkeeping, and for four years was surplus property disposal officer at the Whiteman Air Force Base until he resigned Jan. 30 this year to go into business for himself as a piano tuner. He is a graduate of the Niles Bryant School of piano tuning and technique.

Having seen on trips where the large front rooms of homes with the picture windows were being used as shops of all types of business and since the location of his home had been zoned for business, Cramer has taken his large front living room for the display for his pianos and other musical instruments.

He and his wife have two daughters, 10 and 12, who are taking music lessons to become musicians. Cramer plays all types of instruments.

Mental Patient Bites, Stomps Two to Death

PINEVILLE, La. (AP)—The Sheriff's office said Saturday a 40-year-old mental patient, infuriated by an inmate's untidiness, "stomped and bit" the man and another inmate to death.

Officers identified the killer as Joe Wood, 40, of Lake Charles, La., a patient at the Central Louisiana State mental Hospital since 1940.

Coroner Walter Murrell identified the dead men as Henry H. Dodge, 53, of Homer, La., and Dewey Bennett, 59, of Sabine Parish, county La. Murrell said both men had been severely kicked and their bodies bore numerous bite marks.

Breakfast Optimist Club to Hold Meeting

An organizational meeting of the Sedalia Breakfast Optimist Club will be held tomorrow morning at the Pacific Cafe at 7:30.

Lacking only a few applications necessary for chartering, the Breakfast Club hopes to secure the needed number shortly. The club will then be able to join the Sedalia Optimist Club in promoting Boys' Work in Sedalia.

Men interested in details are invited to attend the meeting.

Youth Kills Self After Minor Wreck

STREATOR, Ill. (AP)—A 19-year-old youth shot and killed himself Saturday, authorities said, after his car was involved in a minor collision which injured no one.

Deputy Coroner William J. Godfrey said the youth, Richard Decker, returned to his home in this

a motor vehicle while under the influence of intoxicating beverage, forfeited a \$100 cash bond. Refused a drunkometer test.

William Ray Lees, Royal Hotel, charged with driving a motor vehicle while under the influence of intoxicating beverage, pleaded innocent but was found guilty and fined \$75.

Kiwanis Crippled Children Bowling Benefit Progresses

Further progress in perfecting procedures for the Crippled Children's Bowling Benefit at Broadway Lanes, Friday night, June 12 was reported to the sponsoring organization, the Sedalia Kiwanis Club at its meeting in Bothwell Hotel Thursday noon.

Bill Dugan and Norman Pitcairn, general chairmen, stated that the event would start at 8 o'clock and would be broadcast on KMOX-TV from 9:30 to 12:30; that the two had visited other Sedalia service clubs the past week and met with enthusiastic response to challenges for bowling competition among the clubs and individuals. Committee assignments were outlined and discussed by the chairmen and club members.

Also on Thursday's program was a review of committee assignments and preparations for the Kiwanis Annual Auction, Saturday, June 27 at the Pettis County Court House. This discussion was led by Jack Shoemaker. Cards for solicitation of auction items were issued by L. A. Pharris and detail plans discussed.

Job Harned, program chairman, introduced the speakers.

Birthdays of the following were recognized: M. D. Weathers, June 6, and Bill Ward, June 7. Singing was led by Abe Rosenthal with Miss Lillian Fox, accompanist.

Invocation was by Vice-President John Ryan.

President Sylvan Woolery announced that the club had registered in the district gold division for attendance and committee report activities during April.

Richard M. Kinne, Missouri Division of Resources and Development, Jefferson City, will be the speaker next week according to Program Chairman Harned.

The arrests followed secret indictments by a federal grand jury in Dallas on Friday.

Three others indicted already were in jail.

Indictments involved transportation of women into Texas for prostitution.

Three women summoned before the grand jury in the prostitution probe also were indicted for assaults on U. S. marshals after they created a near riot in the courthouse corridors and grand jury room.

The indicted women are Tina Martinez, Lisa York and Trudy Green, all of Fort Worth.

Another Dies From Gas Truck Explosion

READING, Pa. (AP)—The wife of one of the drivers involved in the propane gas truck explosion at Schuykill Haven last Tuesday, died Saturday at her home of a stroke.

Mrs. Dorothy Williams, 54, of Reading, suffered the stroke Wednesday. Her husband, Walter, 54, drove the tractor trailer which rammed the gas truck setting it afire and causing an explosion which took 10 lives.

Williams was discharged from Good Samaritan Hospital in Pottsville Friday.

north-central Illinois town after the accident and shot himself through the head with a .32-caliber pistol.

The collision was the second in the last six months Decker was involved in, Godfrey said.

Steel Talks Will Resume On Monday

NEW YORK (AP)—The month-old steel negotiations resume Monday, with no indication that any common ground for agreement has been reached so far.

Unless some agreement is reached, steelworkers will begin banking the furnaces and tapering off production June 26.

That will be four days before the current contract expires. A strike of the half-million steelworkers then—June 30—would shut down 90 per cent of the nation's steel production.

The apparent lack of progress in the talks that began May 5 was indicated Friday in remarks by principal negotiators for both sides.

David J. McDonald, president of the United Steelworkers of America, said the industry's position was totally inflexible and that each day made it more evident that the companies "were unwilling to negotiate a new labor agreement."

He summoned the 171-member Wage Policy Committee to an emergency meeting in New York next Friday. This meeting might be to hear an industry offer, or to get instructions to begin preparations for a possible shutdown.

There was no indication that any wage offer had been made.

R. Conrad Cooper, an executive vice president of the U.S. Steel Corp. and principal industry negotiator, said the industry still believes the union should accept a one-year extension of the present contract, with no increase in wages.

The union has demanded a substantial wage increase (from the present \$3.03 hourly average) and reduction of the work week from 40 to 38 hours.

Methodists Vote Change in Bishop Headquarters

FAYETTE, Mo. (AP)—The Missouri Conference of the Methodist Church has voted to move the residence of its bishop from St. Louis to Columbia.

Bishop Eugene Frank of the Missouri Area of the Methodist Church presides over three conferences from his headquarters in St. Louis.

The Southwest Missouri Conference, made up of churches in Kansas City and the western part of the state south of the Missouri River, voted last week to move him to Kansas City.

His other charge is the Southeast Missouri Conference, made up of churches in St. Louis and the eastern part of the state below the river.

The Missouri Conference, covering most of the area north of the river, yesterday named these delegates to a jurisdictional conference at San Antonio next spring. The Rev. F. Hauser Winter and the Rev. C. Glenn Jones, both of St. Joseph; Earl Wilson, Hannibal; Mrs. Clyde Kirk, Plattsburg, and Lloyd Jones, Shelby.

Alternates are the Rev. J. O. Craig, St. Joseph; Claude Templeton, Tarkio, and Kenneth Hart, Cameron.

Christian Women Hold Last Meeting

On Thursday, June 4, the Christian Women's Fellowship of the First Christian Church held its final meeting of the year. The meeting was opened by the president, Mrs. M. O. Stevens and opening prayer by Mrs. Earl Wingate. Worship services were conducted by Mrs. W. E. Hurlbut, following which Mrs. Stevens gave special recognition to past presidents of CWF and special recognition to her committee chairmen for the past two years.

A dedication of service gifts followed, led by Mrs. Cecil Owens, who stated that gifts had been sent out to 27 different branches of Christian Service in the past year. A duet composed of Mrs. W. L. Lewis and Mrs. R. E. McCowan, accompanied by Mrs. J. W. Watts preceded the installation of new officers.

Mrs. Herbert Seifert, study chairman, introduced Mrs. R. V. Meyers, past president of Nebraska Christian Women's Fellowship, who gave a very impressive installation services to the theme of "Thy High Mission Fulfilling" to the following incoming officers: President, Mrs. J. C. Saunders; first vice-president, Mrs. Frank Armstrong; second vice-president, Mrs. John Tevis; secretary, Mrs. C. R. Walker; corresponding secretary, Mrs. Frank Ellis; treasurer, Mrs. K. L. Holdren; study department, Mrs. Ray Conn, chairman, Mrs. C. F. Scotten and Mrs. C. B. Elliott; service department, Mrs. R. L. Weinrich, chairman, and Mrs. Lester Raines; worship department, Mrs. Milton Dale, chairman, and Mrs. Virgil Herrick and Mrs. Harold Vogel; membership department, Mrs. Henry Gordon, chairman.

Two new group leaders were installed at this time. Group No. 2, Mrs. Herbert Seifert, and Group No. 3, Mrs. John Tevis.

Mrs. W. E. Hurlbut presented Mrs. M. O. Stevens with a CWF pin in recognition of her devotion and dedication to the CWF the past two years as president. Adjournment followed a special solo "My Task" by Mrs. Jack Herndon, accompanied by Mrs. J. W. Watts.

Group No. 2 served a tea after the meeting and installation. The tea table, covered with a hand-made lace and linen cloth, a gift from Eva Marie Johnson, missionary to Old Mexico, was centered with pale pink daisies and baroque silver candle holders with pale pink lighted tapers. Mrs. Herbert Seifert served at the table.

Tibetans Subjected To Red Atrocities, Says Dalai Lama

NEW DELHI, India (AP)—The Dalai Lama said Saturday the Chinese Communists are subjecting the Tibetans "to unbearable tortures day and night" to stamp out resistance in the Himalayan kingdom.

The refugee god-king in Mussoorie, India, said he learns every day of "fresh atrocities" against his subjects.

In an apparent reference to India's delicate relations with Red China, arising from the Tibetan revolt, the Dalai Lama said he hoped "countries like India will support those on whose side lies the truth and not those who may be in possession of mere might."

Ryans See Vegas As Runnersup In Sales Contest

Jim Ryan, Route 2, Sedalia, a car salesman for Thompson-Greer, Inc., and Mrs. Ryan took a pleasure trip to Las Vegas, Nevada, last weekend at the expense of new car dealers in Missouri, Kansas, Oklahoma and Texas and the Edsel Motor Co. A total of 79 salesmen from the four-state area made the trip.

Ryan got the trip by being runner-up to Brooks Green, another Thompson-Greer salesman, in a sales contest from April 20 to May 20. Green sold ten new cars during the period, but his mother suffered a stroke May 28 and he was unable to make the trip.

The Ryans went to Kansas City last Friday morning where they boarded a plane for Oklahoma City. There the plane picked up more salesmen and their wives and headed for Las Vegas where it landed at 7:30 p.m. Friday.

Among other things, the Ryans saw Jayne Mansfield in her "costume" that recently became famous overnight. They returned to Kansas City at 10 p.m. Sunday.

Jack Love, head of the Edsel Division in Kansas City, was in charge of the group.

Butler Says Ike Ignores Report On Education

HARTFORD, Conn. (AP)—Democratic National Chairman Paul M. Butler said Saturday President Eisenhower had ignored the financial implications of a presidential committee report urging an immediate doubling of the nation's investment in education.

Butler called this incredible and expressed wonder if this kind of attitude was not one of the principal reasons why Dr. James R. Killian Jr. resigned as special science advisor to Eisenhower.

He said Killian headed the advisory committee which drew up the education report and resigned shortly after it was filed. In a letter to the President, Killian said he was quitting for compelling personal reasons to return to his post at the Massachusetts Institute of Technology.

In a speech prepared for Democratic women's regional conference, Butler said it is clear that the President and "his tired Republican administration" have decided to "stand pat in defense of an arbitrary budget which is both anemic and unbalanced."

"We cannot be deterred, by the threat of an irresponsible presidential veto, from what is our crystal clear duty to pass educational legislation along the lines of the vital Murray-Metcalf bill, which has been approved by the House Education Committee," Butler added.

This bill, opposed by the Eisenhower administration, would make outright grants to states of \$1,000-

City Area Evacuated In Fear of Explosion

IOWA FALLS, Iowa (AP)—A 25-block section of this town of 5,000 in north central Iowa was evacuated for six hours Friday. Authorities feared a possible explosion of propane gas, the kind bottled for household purposes.

A railroad tank car containing 10,000 gallons of the highly inflammable gas was overturned in the derailment of three cars of an Illinois Central freight train.

Forty patients in a nearby hospital were transferred to safety in the high school, 40 persons moved out of a hotel and families left 35 homes.

Awarded Scholarship To Southwest Baptist

Larry Wharton, son of Mr. and Mrs. C. N. Wharton, Knob Noster, has been awarded a free two year athletic scholarship to Southwest Baptist Junior College, Bolivar.

Wharton, a member of the Panther basketball team for the past four years, was graduated from high school last week ranking ninth in his class of 32.

He lettered four years in basketball and four years in baseball. He is five feet six inches tall. His game point average was 19.15, and he hit 71 per cent of free throws during his career. He made the second team of the all district stars.

Federation Brands Cheesecake An Evil

LOS ANGELES (AP)—The ladies figure a gal's figure is her own business—not to be exploited by someone else's business.

And cheesecake—the female art you see on calendars, not the stuff you buy in pastry shops—is an evil.

So declared a resolution of the General Federation of Women's Clubs. The group ended its annual meeting Friday.

The 3,000 delegates passed a resolution condemning exploitation of feminine appeal after hearing Mrs. Walter Magee of Lakewood, Ohio, complain:

"A woman is no longer a lady; she is simply a set of bodily measurements."

But another delegate warned adoption of the resolution "might lead thousands of young women to decide they are not the women's club type."

The resolution, passed after lengthy debate, urges clubs to influence public opinion "to correct this evil" and "inform any media which indulges in such abuses of their objections."

Nicaraguan Rebels Copy Castro Tactics

MANAGUA, Nicaragua (AP)—Nicaragua's defense chief says rebel invaders are trying to adopt the strategy used by Fidel Castro in the Cuban revolt by taking to the hills and wearing down the government.

Gen. Anastasio Somoza, younger brother of President Luis Somoza, told newsmen Friday night the rebels here will fail for lack of equipment, food and popular support.

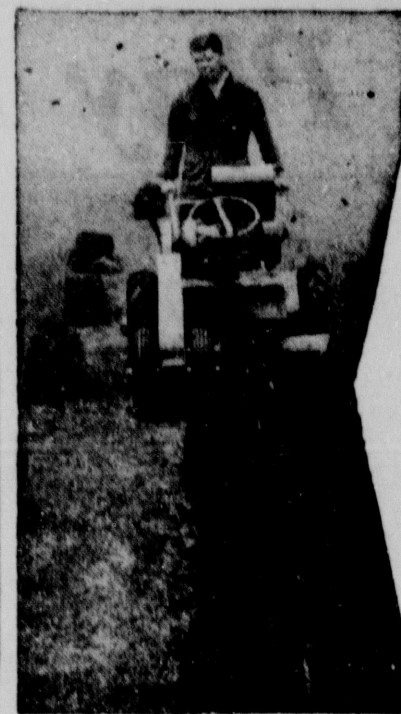

But in neighboring Costa Rica, Enrique Lacayo Farfan, leader of an anti-Somoza coalition, said the rebels were just beginning to fight.

Gen. Somoza said rebel plans were well coordinated in flying into Nicaragua last weekend, but he claims they were poorly handled. He placed the strength of the invasion force at only 80.

The rebels were not joined by Nicaraguans as they had been told, he said, and the planned general strike failed to spread throughout the country shortly after their landing.

Chiefs Play Richmond and Lexington Here Today

Seek First In Day-Nite Twinbill

The Sedalia Chiefs will attempt to take over first place in Central Missouri Ban Johnson League today as they play a day-night doubleheader at Liberty Park.

Manager John Thomas' crew will cross bats with Richmond in the afternoon game which will get underway at 2:30 o'clock. The Chiefs' ace right-hander, veteran Clyde Kubli, will get the starting assignment.

In the night game, which will begin at 8 o'clock, rookie Duane Smith, a right-hander who was the star hurler for a good Green Ridge high school team, will handle the mound chores against Lexington.

The Richmond game, postponed because of rain last Sunday, will open the home season for the Chiefs. It will also mark Kubli's initial hill appearance this season with the Sedalians. However, the slender curve-ball artist had plenty of work during the spring as he picked-up five victories without a setback for the Central Missouri State College Mules. Smith also saw considerable action as he turned in several fine performances for Green Ridge High school.

Other probable starters for the Chiefs will be Marvin Droege, ss; Jim Swafford, 2b; Bob Garrison or Raymond Schnakenberg, 3b; Jim Harvey, lf; Sonny Newman, cf; Gary Wickliffe or Shepherd, rf; Summers, c.

In their only game played to date, the Chiefs battered Sweet Springs, 20-1, in a loop tilt behind the two hit hurling of southpaw Nicky Nichols.

Foytack Hurls Tigers Over Senators, 4-1

DETROIT (AP)—Paul Foytack pitched his second straight complete game after 10 failures to finish, and started the Detroit Tigers' winning rally with an eighth inning single in a 4-1 victory over the Washington Senators Sunday.

The hard-throwing right-hander, working on a no-hitter through the first four innings, scattered six hits for his fourth victory. With two out in the eighth inning and the score tied 1-1, Foytack laced a two-out single to right field and then scored the winning run.

Eddie Yost kept things going with a single off the glove of Reno Bertoia, and Harvey Kuenn drove both of them home with a double to left center. Charlie Maxwell's single scored Kuenn with the final run.

The only damaging blow off Foytack and Faye Throneberry's second home run. It was an upper deck blast in the eighth inning and pulled the Senators up to a 1-1 tie.

The Tigers had scored in the fifth inning. 000 000 010—1 6 1. Detroit 000 010 008—4 7 1. Kemmerer, Cleveland (8); Stobbs (8) and Naragon; Foytack and Berberet, L—Cleveland (1-1).

Table Tennis Club Completes Second Season

The Sedalia Table Tennis Club has just completed its second season which proved to be very enjoyable and highly successful.

The customary dinner denoting the end of the season was held by the members, with their wives as guests, at Flat Creek Inn on Monday night, June 1.

Election of officers for the coming 1939-40 season was held with William S. (Bud) Griffith elected president. Other officers elected were secretary, Robert L. (Bob) Fingland and treasurer, W. C. (Wink) Ream.

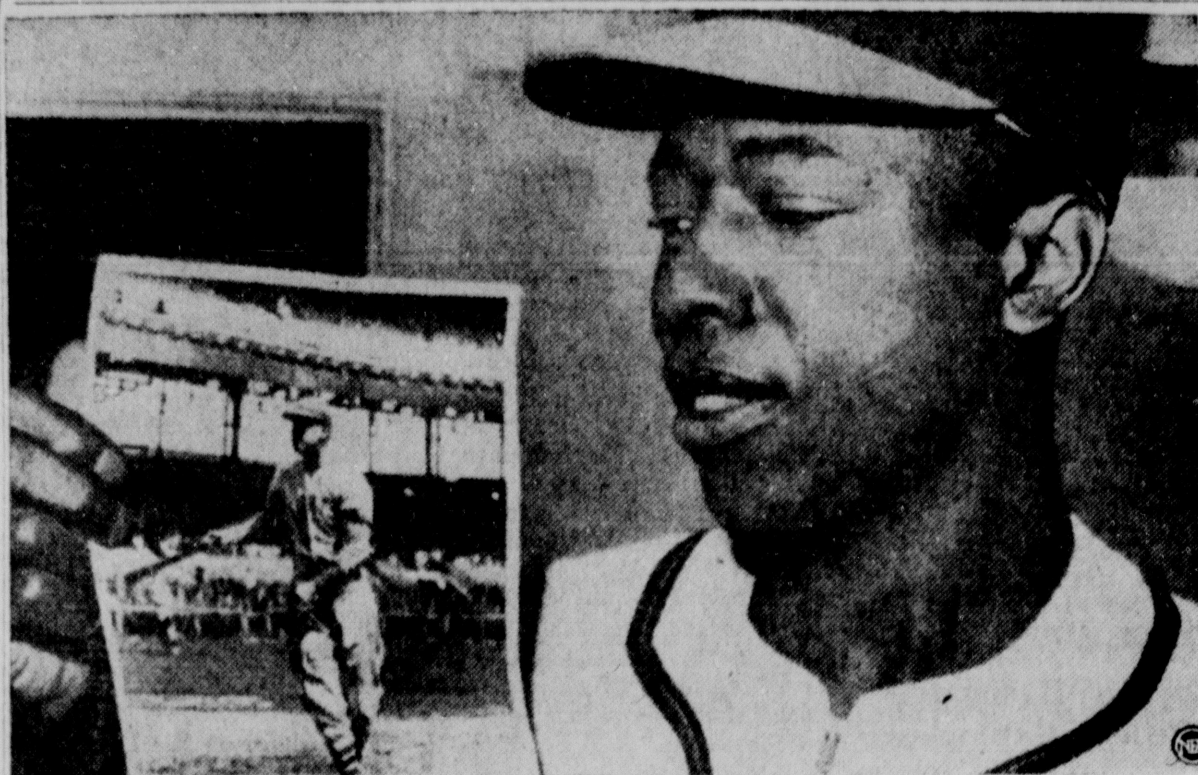

The club becomes active the first week in September playing each Monday night thereafter until the middle of May. It is affiliated with the National Table Tennis Association, maintains an open membership in order that anyone desiring to participate in the sport may have access to the Club's regulation tables.

Britain Beats Out Canada in Golf Meet

ST. ANDREWS, Scotland (AP)—Britain beat out Canada Saturday for top honors in the five-nation British Commonwealth Women's Golf Tournament.

The host country defeated South Africa, 4-2, in the final match for eight points, the maximum. Canada scored 5 points, South Africa 4, Australia 3 and New Zealand none.

Phils Shove Cardinals Into Cellar

PHILADELPHIA (AP)—The Philadelphia Phillies climbed out of the National League cellar over St. Louis Saturday as they defeated the Cards 4-3 in a 10-inning game. A bases-loaded pinch single by Dave Philley won the game.

Richie Ashburn, who collected four of the 10 Phil hits, scored the decisive run which gave Rob- in Roberts, big right-hander who went all the way, his fourth win against four defeats.

Lindy McDaniel (3-8), the Cards' third pitcher, was charged with the loss.

The Phils had ben in the cellar since May 15. Ashburn opened the 10th with a double. Two walks, sandwiched between a sacrifice, set the stage for Philley's slash of a 3-2 pitch.

Roberts gave up 10 hits, struck out 7, walked only 1. St. Louis ... 200 001 000—6—3 10 1. Phils ... 011 010 000—4—10 1. Blaylock, Kellner (3); McDaniel (9) and H. Smith, Kat (9); Roberts and Sawatski, Thomas (4); L-McDaniel (3-8).

Moe Drabowsky Stops Buc Power For 8-2 Cub Win

PITTSBURGH (AP)—Moe Drabowsky, backed by a six-run Chicago first inning, beat the Pittsburgh Pirates 8-2 Saturday—the first time he's gone the distance in 17 starts.

The victory for the 23-year-old right-hander was his fourth. He scattered seven hits and struck out two, Benjie Daniels, the first of four Pirates hurlers, was the loser. Solo home runs by Ronnie Blackburn, his first in the majors, in the seventh and one by Roman Mejias in the ninth accounted for the Pirates' runs.

Eleven Cubs paraded to the plate in the first inning onslaught. The big blows were Ernie Banks' triple and a two-run homer by Walt Moryn, his seventh.

A pair of singles by Tony Taylor, a single by Bobby Thomson and a double by Sammy Taylor plus two walks also figured in the Cubs' first inning binge.

The Cubs added single tallies in the third and fourth innings.

Wall Turns PGA Money Winnings Into Runaway

DUNEDIN, Fla. (AP)—Art Wall Jr., slim shotmaker from Pocono Manor, Pa., has turned the PGA race for money winnings into a runaway.

Wall, an advocate of the so-called baseball grip, has picked up \$33,896 in purses so far this year, according to statistics released Saturday by the Professional Golfers Assn.

The total is more than the combined earnings of the second and third place golfers in the race.

Gene Littler of Singing Hills, Calif., won \$15,936 during the first five months. He's in the runner-up spot. Next comes Arnold Palmer, pro from Latrobe, Pa., whose earnings total \$15,490.

Doug Ford, from Mahopac, N.Y., stands fourth with \$13,490, although he hasn't won a major tournament in more than a year.

Ford moved past Wall during May into first place in the top tournament playing point stand-

Yanks Edge Tribe Behind Bob Turley

CLEVELAND (AP)—Bob Turley pitched the New York Yankees to a 2-1 victory over the Cleveland Indians Saturday to give the Indians their seventh straight defeat.

The 28-year-old right-hander gave up 6 scattered hits, struck out 9 batters and walked 4 in his first appearance against Cleveland this season. The victory was his fifth against six defeats.

The only run off Turley was a pinch hit homer by Tito Francona, over the right field fence in the ninth inning.

Southpaw Don Ferrarese suffered his third defeat in seven decisions.

The victory was the fourth straight for the Yankees and their eighth in nine games. Cleveland now has lost nine of its last 10 games.

The Yankees got an unearned run in the fifth inning to break a scoreless deadlock and added another in the eighth on a leadoff single to center field by Hank Bauer, a sacrifice by Elston Howard and a single to center by Mickey Mantle.

"That's not the most logical thinking. In the first place, the Yanks are far too good to be regulated to the second division. Trade or not, Casey Stengel's club, in our opinion, is still the team to beat. Before 1939 is gone, Mr. Lane and Mr. Veeck will probably eat a lot of crow. And the Athletics, it's quite apparent, aren't going to be easier to whip. Kucks and Sturdivant already have shown their competence. Lumpe has sparkled in the field and has raised his average 21 points since joining the club.

"Kansas City fans haven't reacted to the trade with any disappointment. Most analyze the trade optimistically. They point out that the Yanks got a spotty, but potent hitter in Lopez and a hurler who has promise, but hasn't been a winner so far. In his first two starts Terry has been chased. Lopez, who was hitting well at the time of the swap, is still belting the ball with unusual vigor.

"It might be well to recall that when Lumpe broke in with the Yanks he was tabbed as the brightest rookie prospect in the American League. He was considered more valuable property than Luis Aparicio, now the White Sox' star shortstop, when they were called up from the Southern Association.

"After starting as the Yanks' shortstop at the opening of that season, Stengel benched Lumpe because of sub-par fielding, although his hitting had met expectations. By mid season Lumpe was back at Richmond. The next season he shuttled between the parent

club and the Triple-A farm—all of which didn't bolster his confidence.

"Of all the trades the Athletics have made since moving to Kansas City, I can't think of one that has been as popular with the fans of Central Missouri. Lumpe is the most popular product in baseball from this area and people who have never seen a big league game will go to Kansas City to see him and his teammates perform this season.

"It's interesting to note that this territory, once almost exclusive for the National League, has made a remarkable switch of allegiance. Where the conversation use to center on the Cards, it's now on the Athletics. We'll venture to predict that these same fans won't complain about the second baseman's error losing the game are frequently as they did in the past."

WHAT happened to the Pettis County Post No. 16, American Legion, reinstatement of Junior Legion baseball for Sedalia? It was back in April, 1938, the Post voted to reinstate Junior Legion baseball, and because it was so close on the heels of the season, it was said to have been dropped for the "time being"; but this is 1939, the season is under way and no Legion baseball.

It is a shame the Post had to see fit to drop this activity, especially with a membership in the neighborhood of 400 or better. Certainly out of a group that large there are a couple of men willing to put some time in on this program.

I admit, it isn't a money making project, but it is a well worth while project under the Legion's Boys Program. It is somewhat costly, but some outside financial help could be enlisted to help it along.

You former baseball players who are Legionnaires, give this project a little consideration, start it up now, even if the season is on. It is a program needed now for boys in Sedalia of that age group.

OLD time professionals of sporting events have insisted Sedalia is a "dead one" as far as what are known as "still dates" are concerned in automobile racing of various types. As a matter of fact, the old pros have found Sedalia to be just that when trying to promote a "still date" racing program. But that jinx has been broken and it took a local boy to get it done—along with some mighty line cooperation in publicity.

All Hall, one of the originators of the Central Missouri Racing Association, decided to give it a fling for Memorial Day. Al's decision paid off and he came through with a crowd of over 6,000 paid customers to do a little better than break even. He didn't make much money for his time and labor, but he did prove it could be made a paying project.

He, with several others, started the CMRA several years ago and their continued optimism paid off. The CMRA is now considered one of the strongest and best such auto racing associations in the country. As a result Hall had the full support of these modified automobile owners and drivers and he got the best in the state to come to Sedalia Memorial Day afternoon.

Now that Al has broken the ice, I see no reason why he shouldn't be given the first opportunity from here out to keep promoting the "still dates" if he desires. The pros couldn't break it, so let the amateur carry it on.

Sports Scraps

By D. KELLY SCRUTON

DISCUSSION of the trades between the New York Yankees and the Kansas City Athletics apparently have worried everybody in the American League except the Yanks and Athletics. Charges were tossed by Bill Veeck and Frank Lane. But our thinking is that maybe if they would tend to their own business they wouldn't have nose trouble.

Discussing the trades, and especially the trade of Jerry Lumpe, who we consider around here as a "hometown boy" even if he does hail from Warsaw, Gene Williams came up with a very good report. I asked Gene to put it on paper and this is what he has to offer:

"For three seasons fans in Central Missouri have discussed the possibility of the Kansas City Athletics acquiring Warsaw's Jerry Lumpe from the New York Yankees. Although the two clubs had been involved in a record number of deals, it didn't appear that the Bombers would turn loose of the talented left-handed hitting infielder. In fact, Washington, Cleveland and other clubs sought his services this past winter, but were turned down.

"When the Yanks were stumbling badly they started looking for help. Parke Carroll and Arnold Johnson of the Athletics were aware that they could use some new talent, too. The brass put their heads together and the A's gave up Hector Lopez and Ralph Terry for Lumpe. Tom Sturdivant, Johnny Kucks and a player to be named later. There's little doubt that the A's could have had Bobby Richardson or Andy Carey instead of Lumpe, but there's little argument as to who's the most valuable of the three. The A's took Lumpe. Kucks and Sturdivant weren't the only moundsmen that could be had from the Yanks either, but both have been big winners in the past and neither is troubled with a lame arm, so the A's took them.

"When the trade was announced, baseball writers east of the Mississippi and Bill Veeck and Frank Lane—the headline hunters of the American League—started their familiar yelp. According to their statements, the trade would bolster New York enough to get back in the pennant race. And, they said, the A's would be "just that much easier to beat."

"That's not the most logical thinking. In the first place, the Yanks are far too good to be regulated to the second division. Trade or not, Casey Stengel's club, in our opinion, is still the team to beat. Before 1939 is gone, Mr. Lane and Mr. Veeck will probably eat a lot of crow. Roy Hibbard Fastest in Trials

Walter Sorrels Wins Feature at T' Bowl

Walter Sorrels of Columbia, driving a masterful race, sped off with the feature event before 1,000 spectators Saturday night at Sedalia's Thunderbowl Speedway.

Roy Hibbard, the talented Marshall pilot who drives a Pontiac powered modified, was on the pole, but lost the lead to the Boone County speed merchant in the fifth lap of the 25 lap main event. Sorrels gave the field a lesson on driving in the turns and his modified, also powered by a late model Pontiac, moved beautifully in the straightaways.

Hibbard racked up fast time in the time trials, but in the trophy dash it was Sorrels again—for the third time this season at the Thunderbowl. Under Central Missouri Racing Association Rules, Sorrels is not eligible to compete in the trophy dash at the Thunderbowl again this season.

It was a perfect race night at the Thunderbowl and the track was in excellent condition. Although every race had its thrills with the top name drivers of the CMRA in the competition, the number of cars in the entire field was disappointing both to the fans and the track management. The reason for the absence of many drivers was not explained.

Jim Raines of Marshall copped the first heat, beating out Doug Crank of Sweet Springs in ten laps. His time was 3:38.50.

Russ Hibbard of Marshall won the second heat, topping Ken Taylor of Slater by about five car lengths. His time was 3:21.61.

In the consolation heat Torch Aleshire of Moberly won easily. Kenny Harper of Carrollton was second. Aleshire's time was 3:21.08.

The B Feature was won by Raines, with Crank again finishing in the runner-up spot.

Charles Gaudin of Malta Bend was the victor in the claim car derby, and Glen Arnold of Sweet Springs finished second.

The victory before a near sellout crowd of 30,319, inches the Athletics within 2 1/2 games of league leading Chicago and only one behind Cleveland and

Bowling Benefit for Crippled Children's Center Friday Nite

The second annual bowling benefit telethon for the Sedalia Crippled Children's Center will be held Friday night at Broadway Lanes and televised over KMOS-TV. All proceeds will be given to the Crippled Children's Center.

This year's benefit is being sponsored by the Sedalia Kiwanis Club. Bill Dugan and Norman Pitcairn, manager of Southwestern Bell Telephone in Sedalia, are co-chairman of the program. Charley Thompson and Jim Carter, owners of Broadway Lanes, are donating the use of all 16 lanes, without charge, to the benefit.

Bowling for the benefit will begin at 8 p.m. During the evening the bowling fee will be \$1.00 per line and shoe rental will be 25 cents.

Television cameras will pick-up the action at 9:30 and continue until midnight, scanning all activity. One of the features on the program will be challenge games between Sedalia's various civic clubs. It will cost the losing team \$5.00 per man—the victors nothing.

Thompson and Carter are offering a new \$25 Manhattan bowling ball to the lucky keggers who convert the 6-7 split. One alley will be reserved for this specialty and bowlers will contribute \$1.00 per try to the Crippled Children's Center fund for the chance.

Several championship teams from various leagues in Sedalia will match skill and a predetermined sum will be contributed to the Children's Center by the losing teams.

Television viewers are urged to get in the program, too. They can pledge a contribution to see someone bowl, attempt a trick-shot, or perform some outlandish stunt.

Last year the program was a tremendous success, netting over \$700 for the Center. Under the promotion of the Kiwanis Club, it is hoped that as much as \$1,500 can be realized Friday night.

The Sedalia Crippled Children's Center is now located at 638 East 14th. More than 50 handicapped children in the Sedalia area receive speech and physical therapy, free of charge at the Center.

The Crippled Children's Center, a non-tax institution, was founded in 1954 when the need for educational and physical therapy for children who could not qualify for formal education in the community was realized. It has been supported entirely by public subscription. Donations from hundreds of Sedalia citizens have made it possible to increase the paid professional staff from one to five members. In addition to these staff members, over 50 Sedalia women donate their time to provide assistance every week.

The Sedalia Center has grown beyond expectations and is considered to be the finest of its type in this part of the country. Physical and speech therapist consider it farther advanced than any other similar program for crippled and handicapped children.

When the new annex at the Bothwell Memorial Hospital is completed, the Center will move from its present location into eight new rooms for classes, speech and physical therapy and handicrafts.

Sedalia Golfers Third in Tourney At Columbia

The Sedalia Country Club golf team took third place at Columbia Thursday afternoon in the Inter-City Golf Tournament. Ted Maloney was medalist for the Sedalia aggregation with a 77. Damon Hieronymus was the high point winner with 29½.

Team scores:
1. Columbia 336½
2. Jefferson City 272
3. Sedalia 238½
4. Fulton 233

Scores recorded by other Sedalia golfers were: Ralph Walker, 78; Lloyd Parker, 80; Colie Ervin, 80; Bernard Stanfield, 81; Bill Gibson, 81; Damon Hieronymus, 82; William Groer, 83; Cecil Owens, 89; and Jack Bloess, 92.

The next Inter-City match will be held at Sedalia Thursday afternoon.

Vic Van Dyne emerged as the winner of the Sedalia Country Club's 36 hole medal play championship. He carded a 155 in taking the title. Bernard Stanfield and Ralph Walker tied for runner-up with 156's. Other scores were: Ted Maloney, 157; Colie Ervin, 160; Lloyd Parker, 168; Cecil Owens, 169; Damon Hieronymus, 170; William Fankhauser, 182; and George Dugan, Jr., 190.

'Drama of the Old West' to be Put On

Cecil Cornish Will Bring Liberty Horses to J Bar H

Cecil Cornish, of Waukomis, Okla., will bring his world-famous Golden Liberty Horses to Camden, Mo., as one of the feature attractions of the 8th annual J Bar H Rodeo, July 4 through July 11. The act features six beautiful horses, said to be the best trained in the nation. Cornish will put the Golden Liberties through their paces in the center of the huge J Bar H arena. They will be seen in their almost unbelievable acts during each of the eight performances.

In addition, Cornish and "Smoky", his educated horse, will put on their "Drama of the Old West"—an act which captured the hearts of rodeo fans from coast to coast in 1958, and is meeting with the same kind of success this season.

Some of the top acts at Camden are to have a father-son background. Wayne Cornish, son of Cecil, is one of three bull fighters

Jaycee's Chicken Barbecue Will Be Held June 21

The Sedalia Jaycees' second annual chicken barbecue, to be held at the Thompson-Greer Motor Co. building on June 21, will provide much of the money required to finance the Jaycees' recreation program for Sedalia teenagers.

Among the projects sponsored by the local Jaycees are the Teenage Safe Driving Rodeo, Little League Baseball, the Rural Santa Clause, and the Teenage Golf Tournament. All money realized from the barbecue will be used on civic youth projects.

Meals will be served from noon until 9 p. m. by Jaycees and Jaycee-ettes. Meals will consist of a half-chicken, cole slaw, potato chips and iced tea or coffee.

This will be the second year the Jaycees have conducted this project, and the facilities have been improved on the basis of last year's experience. Last year the advanced ticket sale was 1,200 and a larger crowd is expected this year.

For faster service, three barbecue pits have been constructed instead of the one that was used in 1958. Folding chairs and tables will be provided, there will be a concession stand for soft drinks, candy and peanuts; and recorded music will be played.

Athletics Sign J. E. O'Donoghue, MU Mound Star

KANSAS CITY (AP)—John E. O'Donoghue, pitching star for the University of Missouri baseball team, was signed Saturday by the Kansas City Athletics.

Although the club declined to say how much of a bonus he was paid, officials said it was one of the largest bonus payments ever made by the Athletics.

The highest bonus reported paid by the club was between \$30,000 and \$35,000 for Cletis Boyer of Albu, Mo., a shortstop who went to the Yankees and is now with Richmond of the International League. This was in 1955.

The 20-year-old lefthander from Kansas City entered the university on a baseball scholarship, won his numeral as a freshman and pitched on the varsity in his sophomore and junior years. Last season he won 5 and lost 2 and had only 3 earned runs charged against him in Big Eight Conference play.

He will report to the club June 11. O'Donoghue plans to complete his work at M. U.

Dodgers Give Rush First Loss, 3-2

MILWAUKEE (AP)—The Los Angeles Dodgers exploded for two runs on four straight singles in the eighth to beat the Milwaukee Braves 3-2 Saturday and hand right-hander Bob Rush his first loss of the season.

Junior Gilliam, with four singles and a walk, scored two of the Dodgers' three runs and boosted his batting average to .293. He shared the spotlight with veteran relief pitcher Clem Labine who came on in the eighth to hurl two hitless innings and save the game for left-hander Sandy Koufax, now 2-1 for the season.

Koufax yielded 8 hits in 7 innings but both runs off him were unearned. Wally Moon drove in the winning run for the Dodgers.

Henry Aaron provided the only bright spot for the Braves. The National League's batting leader singled to left center in the seventh inning for the 1,000th hit of his major league career. It was his second hit of the game and his 86th of the season.

2 Critically Hurt as Car Hits Crowd

(Editor's Note: Jerry Hayes of Topeka, Kan., one of the drivers involved in this near-tragic racing accident at St. Joseph, has made regular appearances at Sedalia's Thunderbowl Speedway this season. The cars involved were similar to the ones which race in the Central Missouri Racing Association. The crash walls at area tracks are said to be safer than the barrier near the bleachers at St. Joseph because they are constructed of heavy railroad ties in a vertical position and are reinforced by dirt filling. At St. Joseph the barrier was a sloping mound of dirt.)

ST. JOSEPH, Mo. (AP)—Twenty-three persons were injured, two of them critically, when a racing car crashed into a bleachers at a small race track here Friday night.

One of the cars shot off a banked turn, went over a 12-foot embankment, hurdled a 10-foot wire fence and landed upside down among some of the 500 spectators at the stock car racing event.

Albert M. (Bud) Neidel, 30, St. Joseph, escaped with bruises. But one of the critically injured was his 8-year-old son, Ronnie Lee, who suffered a skull fracture.

"This marks the end of my racing career," said Neidel, a truck driver who has been racing for three years.

His modified stock car, and one driven by Jerry Hayes, Topeka, Kan., sideswiped at a turn on the fourth lap of the five-lap race.

"We were going about 60 miles an hour," Neidel recalled. "After I started over that embankment I don't remember anything else."

There were two other cars in the race, but they were far behind the two leaders at the time of the accident.

Hayes escaped injury. Besides the Neidel boy, the other critically injured victim was Robert Halter, 21, St. Joseph, who underwent brain surgery Saturday morning. Of the other 21 injured 15 still were hospitalized.

Neidel's car did a half-flip in the air and smashed into the bleachers upside down.

Giants Batter Redleg Hurlers For 13-3 Win

CINCINNATI (AP)—San Francisco's Giants pounded 4 of 6 Redleg hurlers for 18 assorted hits Saturday to win 13-3 behind the eighth hit hurling of Sam Jones.

They opened the bombardment early when, with two away in the first, Leon Wagner got to starter Bob Purkey for his fifth homer of the year to score behind Willie Kirkland who had doubled and Orlando Cepeda, who singled.

Every man in Bill Ringney's line-up hit safely. Only Hal Jeffcoat, who pitched the third, and Tom Aker, who became the Reds' sixth hurler in the seventh, were able to retire them in order—Aker turning the trick in the ninth.

DETROIT (AP)—Archie Dees signed his 1959 contract Saturday with the Detroit Pistons.

The former Indiana star, who played his rookie season last year with the Cincinnati Royals, came to the Pistons in a trade. In exchange for the 6-foot-8 Dees, the Pistons gave up pivotman Phil Jordan. Detroit also received Cincinnati's second draft choice for 1959.

Dees scored 559 points in 68 games with the Royals.

Two Homers Ruin White Sox, 4 to 2

CHICAGO (AP)—A brace of two-run homers by Boston's Vic Wertz and Frank Malzone cooled off the first-place Chicago White Sox 4 to 2 Saturday.

The winner was rookie southpaw Ted Wills, although he was chased in the eighth when the White Sox filled the bases with one out, but failed to score.

Wills was replaced by Mike Fornieles who got pinch hitter Harry Simpson, the hero of Friday night's 5-2 victory over Boston, to hit into an inning-ending double play. Friday night, Simpson slammed a three-run pinch double in the eighth.

Wills now has notched two triumphs in his first two major league starts.

Both Red Sox homers—Wertz' in the first and Malzone's in the sixth—came off loser Ray Moore, who suffered his fourth setback against one victory.

Wertz's No. 4 homer of the season after Pete Runnels walked gave Boston a 2-lead in the first.

Malzone's homer after Wertz singled in the sixth was the Red Sox third sacker's eighth of the season.

More car than this Impala Sport Coupe is hard to find at any price.

clings to curves like a cat on a carpet!
the travel-lovin' Chevrolet

Nothing else but a dyed-in-the-wool sports car like the Corvette can take a turn with the solid assurance of this sweet-handling Chevrolet. Drive it—and feel the extra smoothness and stability born of Chevy's better balance and supple full coil springs.

It's easy to see where Chevrolet gets its road sense. With big coil springs at every wheel, a firm, wider stance and all of its pounds distributed with painstaking care, Chevy's born with it.

The only thing that may be hard to understand is how it can offer

the ride it does, along with so many other luxury-car virtues, and still compete in the low-price field.

We use the word *compete* only in the sense of price. For with a ride as special as Chevy's, real competitors are hard to come by.

There's a world of difference between Chevrolet's coil springs at all four wheels and the leaf springs that most other cars still use. Take a Chevy down a snaky back road and you'll feel the difference in the sure way it holds through curves and shoots over rough spots with

hardly a ripple. This one's made to travel and loves every minute of it.

Stop by your local authorized Chevrolet dealer's and sample Chevy's road sense!

Tour of Gardens
Made by Club
At Otterville

Mrs. O. W. Howard was hostess Friday afternoon to the Otterville Garden Club. Assisting hostesses were Mrs. H. A. Wood and Mrs. Vincel Fry. A 1 o'clock luncheon was served to 14 members and three visitors, Mrs. C. R. Shy, Mrs. J. B. Marcum and Mrs. B. J. Wilkening.

The president, Mrs. C. M. Brumback, presided. The devotional given by Mrs. Otto Brumback was a meditation, "Bundle of Life." Roll call—My Most Faithful Iris. Proceeds from plant sale were announced and the club voted to use the money to buy books for the garden center. A tour of the garden club members' gardens was announced for Thursday, May 28.

Mrs. Brumback and Mrs. Lewis Smith, who attended both the national and state garden club conventions in St. Louis last week gave reports of the meeting. This is a blue ribbon garden club.

Annual Meet By Alumni At California

By Mrs. Eva Shores

CALIFORNIA—The 69th annual meeting of the California Aurora Alumni Association was held on Saturday night at the school with an estimated crowd of 350 present.

Dinner was served in the school cafeteria by members of the American Legion Auxiliary. Following the dinner the business meeting was held in the auditorium, with the following officers being elected: President, Mrs. J. Bratten; vice-president, Harold Stobel; second vice-president Mrs. Don Moore; secretary, Mrs. Lawrence Cook; assistant secretary, Mrs. Gene Ash; treasurer, Robert L. Hertz; and permanent secretary, Mrs. Paul Lebeck.

Members of the alumni who have died during the past were reported. They were Mrs. Marian William Fuls, class of 1887; Miss Eva M. Cavers, class of 1896; Pauline Prentiss, class of 1900; Charles E. Hertz, class of 1903; Clara Stevenson Thompson, class of 1925; Alvert T. Miller, class of 1933 and Byrd Walters, class of 1942.

The program honored the classes of 1939, 1944, 1949, 1934, 1919 and 1909. The invocation was given by Harold Dickson, the seniors were introduced by Jack Bowlin and welcomed by the Alumni president Charles Gabert. The repose by the seniors was given by William Hess.

The Alumni voted to help buy a new electric scoreboard for the high school gymnasium.

The following committees were appointed: Executive, chairman, Mrs. Gail Kirchoff, Mrs. Roy Ball, Mrs. Leroy Althoff, Mrs. Neil McBroom, Mrs. Ben Harris, Miss Jane Crawford, Robert Imhoff, Robert Lee Sansbury, Wally Morris Jr., Lashley Rohrbach and Tom Renfrow.

Resolutions, chairman, Mrs. Everett Wilson, Miss Mildred Kuhlmann and Mrs. George Oesterly.

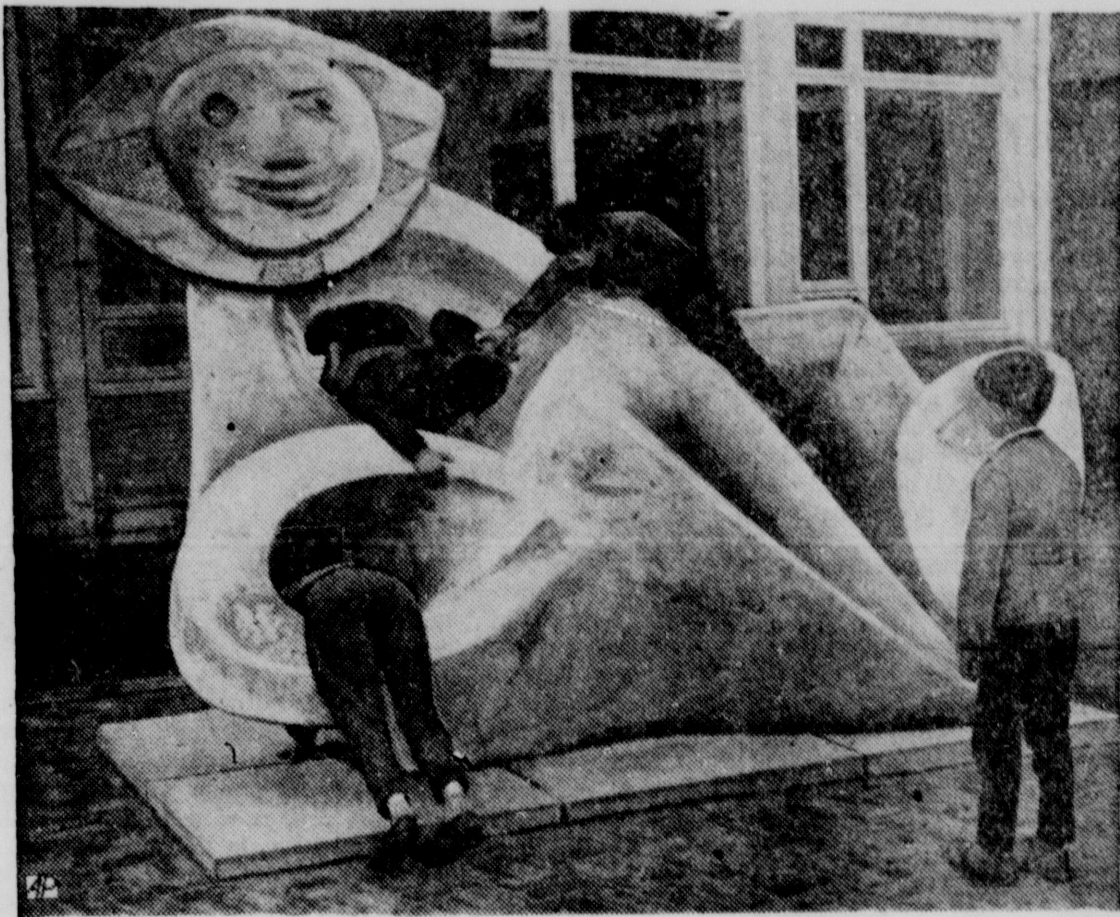

Advisory, chairman, Alfred Gates, Mrs. A. P. Carr, Miss Rebecca Zey and Charles Gabert.

Nominating chairman, Mrs. J. D. Branch, Mrs. Robert Keil, Miss Charlene Haldiman, William Asahi and Herbert Strickfaden.

Charles Gabert is the retiring president of the association.

Members of the California Chamber of Commerce met in their regular monthly dinner meeting on Tuesday night at the Legion Home in California. Four representatives of the McGirk telephone exchange were present for the meeting. They were Chas. Hodler, Lark Cook, Lawrence Cook and Clarence Sappington.

Mayor Arthur Baker presided at the business meeting. A three member committee, Harry Min-turn, Wesley Bayne and Marion Shores, was appointed to meet

About Town

Mr. and Mrs. O. C. Blankenship, 1014 East Sixth, had as visitors over the holidays their sons, W. C. Blankenship and family of Stillwater, Okla., and Donald Blankenship and family of Brainerd, Mo. Mr. and Mrs. Donald Blankenship and son, Donald Joseph, left Sunday afternoon for Sacramento, Calif., to make their home where Donald will be coach in one of the high schools.

with the representatives of the McGirk exchange and the city council to discuss telephone troubles.

Jack Bowlin, spoke on the progress of the flower campaign. The Chamber of Commerce voted to contribute \$50 toward prizes to be awarded winners.

It was decided to hold the annual July 4th fireworks show July 2 this year. Committees appointed to take care of this celebration were: Solicitation of merchants, A. W. Baker, Rev. Wayne Rosecrans, R. T. Ehlert, W. S. Lemen, C. D. Heyssel, Jim Reed, W. E. Elder, Vernon Lehman, Robert Hogge, and Thurman Hall, Soft Drink concession: Robert Marshall, Wesley Bayne, Albert Strother, R. T. Ehlert, Jack Bowlin, Norman Lawson, Brooks Chambers, Bill Gilbert, Emil Rombach, and Ralph Sullins. Fireworks: A. W. Baker, Carl Tising, Jim Pile and Lewis Humes.

Mrs. John Sappington, California, was hostess on Friday night to 20 members of the Past Matrons club. Following the business meeting canasta was played. The hostess served a salad course during the social hour.

Versailles Has Alumni Banquet

The Versailles High School Alumni Association held its annual banquet and dance at the new high school building Saturday night, May 23. Some 230 members of the Alumni, including this year's graduating class, attended.

Several of the "10 year" classes held reunions in connection with this event and much visiting and reminiscing was done at the tables during the banquet and in the corridors following the meal.

Preceding the banquet the invocation was given by Kent Hall. Following the dinner a welcome to the seniors of 1959 was given by Robert Hall with the response given by Pat Downey, vice-president of the senior class.

A trio composed of Barbara Humphrey Bauer, Susan Humphrey and Barbara Marker Bernard, accompanied at the piano by David Archer, sang "May You Always Walk in Sunshine."

The following answered roll call for the 10 year groups: 1909, Mrs. Ann Marriott; 1919, Mrs. Elizabeth Sims Harlan; 1929, Monte Thoss; 1939, Raymond Garber; and 1949, Gail Hughes.

A dancing act was given by Mrs. Irene Porter and her two sons, Ricci and Ronnie, Sunrise Beach.

Roy E. Otten, president of the Association this year, presented Mrs. Ann Marriott a silver bowl from the Alumni and a corsage from Mr. and Mrs. Will F. Berry and their two children. Mrs. Marriott, a 1909 graduate, has spent her entire adult life as a teacher.

The program closed with the singing of the school song led by Kent Hall with Barbara Bauer accompanist.

Generous Rainfall At Cross Timbers

By Mrs. Beatrice Burnfin

CROSS TIMBERS—A two and a half inch rain fell here Thursday which washed gardens and corn fields badly.

Mr. and Mrs. H. D. Burnfin and family, Kansas City, called on his parents Mr. and Mrs. Joe Burnfin, Saturday.

Mrs. Meda Burnfin fell at her home in Wheatland recently and cut the back of her head which required several stitches.

Mrs. Joe Burnfin visited her cousin, Mrs. C. O. Tweedy, last Monday.

School at R-6 will be out this week. There are several eighth grade graduates.

Mrs. Clifford Gemes is doing the chores at the John Burnfin place while they are visiting relatives in South Dakota.

Virginia Wikstrom-Larry Fajen
Wed In Double Ring Ceremony

Miss Virginia Wikstrom, daughter of Mr. and Mrs. Alvin Wikstrom, Mora, and Larry Fajen, son of Rep. and Mrs. C. Keeney Fajen, Cole Camp, were married Sunday afternoon, May 24, at two o'clock at the Trinity Lutheran Church, Cole Camp, with the Rev.

Camp, and Master James Wikstrom, Mora, served as the candlelighters.

The bride, escorted to the altar by her father, wore a ballerina length gown of fine Italian silk over taffeta. The graceful torso length bodice had a charming squared neckline accented across the front with a spread of Swedish type lace, sprinkled with tiny seed pearls and iridescents. Soft folds of the fabric formed the short sleeves. The skirt, falling straight in the front, was gathered at the sides and the back into a charming fullness. Her fingertip veil of silk illusion was held by a taria of iridescent sequins and tiny seed pearls. Her bouquet was a cascade arrangement of pink roses and steff.

Miss Alice Wikstrom, Mora, sister of the bride, served as maid of honor and wore a sheath dress of luxurious lace over crisp taffeta. She carried a colonial bouquet of pink roses and steff. Miss Ruth Wikstrom, sister of the bride, and Miss Diane Neeley were bridesmaids.

Mr. Jay Fajen, Scandia, Kan., brother of the groom, served as best man. Mr. Frank Frisch, Kansas City, and Mr. Vernon Stelling, Cole Camp, were groomsmen and ushers.

Jane Viets, daughter of Mr. and Mrs. Gene Viets, was flower girl. Immediately following the ceremony a reception was held at the parochial school. Miss Karen Drenon, Independence, was in charge of the guest book.

Miss Wikstrom is employed at the Menorah Medical Center as a nurse.

Fajen is to report for duty in the Army June 8, 1939.

Mr. and Mrs. Joseph H. Koester, 805 South Sneed, announce the engagement and approaching marriage of their only daughter, Carolyn Sue, to Robert A. Treuner, son of Mr. and Mrs. Konrad Treuner, Nurnberg, Germany.

The wedding will take place July 12 at three o'clock at the First Christian Church, Sedalia.

Mr. and Mrs. Frank Edward Hanke announce the engagement of their daughter, Hermine Evangeline, to Richard Joseph Kraus, son of Mrs. Walter Kraus, 1108 South Sneed, and the late Walter Joseph Kraus. Miss Hanke is a 1935 graduate of Saint Francis Academy, Nevada. She will graduate in August from St. Mary's Hospital, School of Nursing, Kansas City. Kraus is a 1932 graduate of Pilot Grove High School. He has served with the armed forces overseas. He is presently employed by the Southwestern Bell Telephone Company. A late September wedding is planned.

Your Wardrobe
by Frances Sagaloff at Sage's

WARDROBE ADJUSTMENT
The long holiday week-end caused some of us to realize our wardrobe wasn't just right. Damp, cloudy days make the darker cotton dress either in checks or solids an important item. Extra mixed or matched skirts and blouses are necessary for full days and out-door living in the evening. Those extra matching sweaters I suggested a few weeks ago are a must to attend the ball games and other evening outdoor activities. More shorts and pedal pushers too are necessary in most wardrobes. The best planned wardrobes can become delinquent during holiday and vacation times — now is the time to replenish yours while stocks are complete. Shirtwaist dresses continue to be popular both with sleeves and sleeveless. Just a whisper of a can-can with them gives you that extra feminine look. For the sleeveless one, plan a sweater with it—you will like the affect. Airy pastel shoes add to any summer costume — smart bags and short, white gloves give you that crisp, cool look for hot days.

Alertness Stressed

Chamber Projects Discussed By ABW Meeting Speaker

Projects and accomplishments of the Sedalia Chamber of Commerce were explained by Jack Faber, secretary manager of the Chamber, in a talk Tuesday evening, June 2, at the American Business Women's Association dinner meeting at Bothwell Hotel.

The first Chamber of Commerce, Faber said, originated in Marseilles, France, and the first in this country was started in the State of New York in 1768. He gave a brief history of the Chamber locally and told of the many services it does daily for the community which is, of course, its purpose.

Faber stressed the fact that everyone should be on the alert for individuals conducting confidence games, unsound and illegal business operations and other activities designed to fleece the public. If and when strangers approach, he said, with some high sounding venture, investigate first by contacting the Chamber of Commerce and the Chamber, through its business relations division is able to run down such activities and find out whether they are legal or not.

"Don't lock the barn after the horse is stolen", he warned. "Make inquiries first."

In telling of the accomplishments of the Chamber, Faber told of the part played by the Chamber in establishing such industries as Town and Country Shoes, National Engineering, Precision Engineering, as well as assistance in securing the new state office of the Federal Crop Insurance Corporation, the United Shoe Machinery Co., and in helping to reactivate the Sedalia Air Force Base, now Whiteman Air Force Base.

He told of the agriculture committee's work with the rural people, and encouraging organizations to bring conventions and meetings of all types to Sedalia, and of the outstanding off-street parking facilities with which the Chamber also helped.

Services which are continually performed by the Chamber, he stated are: General information bureau, housing bureau, business relations bureau, city directories and research library, information booth at Missouri State Fair, selling new industries on Sedalia; calendar of events, organizational directories, out of state maps and tourist guides; Santa Claus suits, guest speaker and program service, newcomers list, badges for conventions, meeting rooms, travel information, business statistics, publicity and public relations, industrial development, state income blanks, cooperative office of the U. S. Department of Commerce, arranging tours and many other things.

Faber told, also, of many improvements that were being worked on and that the Chamber is anticipating in the future. He invited the ABWA members to attend the Chamber of Commerce breakfast in July.

The meeting was presided over by Mrs. Nathalia Poynter, president, and invocation was by Miss Luella Schlesselman.

Mrs. Jack Faber was a special guest.

Reports of the ABWA district meeting which was held in Kansas City May 2 and 3, were given

by Miss Gwendolyn Tuck and Miss Margaret Bohon. Miss Tuck also read a letter from headquarters concerning the national convention to be held in Phoenix, Ariz., in October.

Benediction was by Miss Jessie White.

4-H Dairy Judging

John Lowell Fitzgerald, Hughesville Happy Helpers 4-H Club, ranked first place in the 4-H Dairy Judging Event last Thursday. As a result of judging six classes of dairy cattle, John Lowell had a total of 770 points.

Ernie Dow, Georgetown 4-H Club, ranked second with 765 points; Bill Raines, Lamine 4-H Club, third with 713 points; and Ella Dow, Georgetown 4-H Club, 620 points.

John Lowell, Ernie and Bill will constitute the County 4-H Dairy Judging team with Ella as alternate. The team will have opportunity to participate in the District 4-H Judging Event at Springfield on Aug. 10.

The 4-H Dairy Judging Event started at Earl Wood's farm where a class of Jersey cows and Jersey heifers were judged. The next stop was at the Sam Freund farm where a class of Guernsey cows and a class of Guernsey heifers were judged. The group brought a sack lunch and ate at Mr. Freund's yard. The last stop was at the Maynard Mittlehauser farm for a class of Holstein heifers and a class of Holstein cows were judged.

There were nine 4-H members to judge all six classes and were eligible for ribbons. These nine 4-H members ranked as follows: Blue — John Lowell Fitzgerald, Hughesville Happy Helpers 4-H

Club; Ernie Dow, Georgetown; and Bill Raines, Lamine. Red — Ella Dow, Georgetown; Tim Knoerschild, Van Natta Multi-Workers; and Edmond Shipley, Striped College. White — Robert Hyatt, Beaman Arator; Richard Volpp, Quisenberry Hustlers; and Dean Rhine, Hughesville Happy Helpers. Other 4-H members who judged but did not judge the entire six classes were: John Porter, Robin Longan, Susan Longan, Carl Mittlehauser and Donna Mittlehauser.

4-H leaders and parents who were present one or more of the stops were as follows: Earl Wood, Hubert Finley, Paul Read, Gerald Volpp, Bob Longan, Mrs. Bob Longan, Mrs. Maynard Mittlehauser, Sam Freund.

Mr. Jim Summers, county extension agent at Benton County, brought up five 4-H members and one leader to enter into the 4-H Judging. For the Jersey classes, Ernie Dow ranked top with 280 points, John Lowell Fitzgerald with 250 points and Bill Raines with 233 points. In the Guernsey judging, John Lowell Fitzgerald had 245 points, Ernie Dow had 240 points and Timothy Knoerschild had 207 points. In judging the Holsteins, Bill Raines had 290 points, John Lowell Fitzgerald had 275 points, Robin Longan had 270 points and Ernie Dow 245 points.

We were glad to see some of the younger boys and girls at the judging event. We do not learn to judge dairy cattle overnight. The 4-H members that ranked at the top were members who judged in the previous years. We hope to see more new members at the judging event next year.

Robert Gregory Elected

Robert Gregory, Houstonia 4-H Club, was elected second vice-president of the Missouri Junior Hereford Association. Robert was elected to this office at a recent Junior Field Day at the Rolla Jones farm near Calhoun. We are glad to have a 4-H member from Pettis County to receive this honor.

Robert will assume his duties soon and the first meeting of their Junior Association will be on June 13 at the Missouri Hereford Association Annual Field Day at the Bianchi and Sanford Hereford Ranch, Macon.

National 4-H Center

I received a letter from Linda Caldwell, who is on the Missouri 4-H Council, representing the Southwest District. Here is what she has to say about the Missouri Room at the National 4-H Center.

"Last month you received a letter and brochure telling you that Missouri 4-H members have been given the privilege of judging the main conference room in Smith Hall at the National 4-H Club Center in Washington, D.C. This fully air conditioned room will be used for formal lectures, informal discussions and dancing. "Some of the furnishings will be: (1) padded chairs, (2) linen curtains, (3) portable platform and speaker's stand, and (4) the air conditioning.

"Every 4-H member is responsible for meeting this challenge in the true 4-H tradition. It will only take 10 cents per club member, a sacrifice of two candy bars, to furnish the needed money.

"The room will be named the Missouri Room in appreciation of our contribution to the National Shrine of 4-H.

"We are sure each county will see that its quota is met. Each club should take or send their money to the county extension office. The money will be identified as being for the Missouri Room National 4-H Center. Checks should be made payable to Missouri 4-H Foundation."

Each 4-H president received a letter from Robert Fridley, state 4-H Council president.

MISSOURI MOUND EXCAVATED—Charles M. Keller, University of Missouri graduate student in archeology, works in front of a part of the Loftin Mound in the Table Rock Reservoir area between Branson and Cassville, Mo. The mound, now covered by rising waters of the reservoir, was the remains of a rectangular earth structure which archeologists so far have not been able to identify. The mound was built over a wood pole structure, from which the poles were evidently pulled out. Keller is removing excess earth from holes in which the poles originally stood. (AP photo)

Stover High School Holds Graduation

The Stover High School graduation exercises were held May 21 at the school.

The processional and recessional "Pomp and Circumstance," was played by the school band. The Rev. Prentice Wilbanks gave the invocation after which "Count Your Blessings," a musical number, was presented.

The salutatory address was given by Joyce Steinmeyer and a co-valedictory address by Carolyn Eihrike. The senior class sang the high school song. Wayne Miller, president of the board, made the presentations. Margaret Wadick gave a co-valedictory address following the presentations. The benediction was by the Rev. Vernon Rodie.

Ronnie Taylor, Margaret Wadick, Rosslyn Miller and Joyce Steinmeyer received scholarships to Central Missouri State College.

Scholarship Medals were given to the following: Valetorian medals, Carolyn Oehrke and Mar-

California WSCS Holds May Meeting

Twenty-five members of the CWF of the California Christian Church met in their regular meeting at the church on Wednesday evening.

Miss Clara Hart was program leader and her topic was "Emerging Women of the Middle East." She was assisted with the program by Mrs. E. A. Kibbe, Mrs. Margaret Rombach and Miss Laura Meyer. Miss Marian Flynt gave a short dedication for the service gifts which the CWF had given. Reports were given by the various committees.

The following officers were installed by Mrs. Raymond Lawson, the out-going president: President, Mrs. R. L. Hert; first vice-president, Miss Marian Flynt; second vice-president, Miss Matilda Robertson; secretary, Mrs. John Crane and treasurer, Mrs. A. P. Carr.

Following the meeting the hostesses, Mrs. John Crane, Mrs. Albert Case, Mrs. Albert Campbell and Mrs. Earl Elliott served refreshments.

Legislative Inertia

Watching the members of Congress in action over the years, even the most charitable observers seem to have some misgivings.

No realist could imagine that a legislature with 534 individuals would ever be impervious to the bombarding pressures which bear upon them constantly.

The hope always is that our chosen representatives will rise above these pressures when the national need requires it. Yet the times when this actually happens are growing more and more infrequent.

With the possible exception of the final session of the 85th Congress last year, congressional action increasingly takes on the look of an erratic patchwork, reflecting a crude balance of responses to pressure.

Many issues are ducked by doing virtually nothing.

Others are in effect sidestepped through resort to slap-dash compromises which never really come to grips with the problem. Sometimes these are almost worse than nothing. They give an illusion of action, while putting off decision as to the heart of the matter.

Foreign aid is such an issue. Its

friends and enemies find little common foundation, so year after year produce a jerry-built affair that satisfies no one and simply postpones the making of a sane policy.

Labor reform, now under severe assault from many sides in the House, could this year become an instance of no action at all.

You might ask: "So what's new in all this?" In a sense, not a thing. But the point is that a cumulative inertia appears to have seized Congress. Less and less does it look to the ordinary citizen like an effective instrument for positive action in an age of great stress in human affairs.

What Congress has done is to elevate the roundabout approach to the level of a science. Its hallmark too often is the watered-down bill, the half-hearted measure, the timid stride forward.

Genuine compromise often is the key to good law-making—and governing. Compromises which cut the heart from an issue, or never put it in, are a kind of going-through-the-motions on a treadmill.

A Congress which deals too long and too often in these may one day find itself facing a crisis in the public's confidence.

Washington Merry-Go-Round

Steelworkers Poised For Strike

By DREW PEARSON

WASHINGTON—Word has gone out to the nation's steelworkers to be ready to walk off the job at the end of this month. All that remains is formal ratification of a strike by the union's wage policy committee.

At least one wildcat strike has already been reported by Jones and Laughlin, though the news was kept out of the papers. Their Chicago plant was emptied for one afternoon until the union persuaded the workers to go back to their jobs.

Meanwhile, White House aides have advised the steel companies that President Eisenhower won't intervene in the strike unless the national security is threatened. This suits the steel tycoons who have stockpiled enough steel to last three to four months.

Brass-Hat Lobbyists

Congressman Alfred Santangelo, who represents part of the teeming island of Manhattan, has introduced an amendment to the defense appropriations act which could save the taxpayers a lot of money. The Democratic congressman wants to bar defense contracts to any company which is employing a retired general or admiral who has been out of the service for less than five years.

The congressman figures that when a retired admiral or general goes back to the Pentagon to talk to his former subordinates, he has a favorite position in winning billion-dollar contracts. And with most big defense contracts let on a noncompetitive, cost-plus basis, there is more favoritism in the Pentagon than in Tammany Hall.

The list of retired Army, Air Force and naval officers working for big corporations reads almost like the membership of the Army-Navy Club. It will be interesting to see what the budget-balancing administration does about Congressman Santangelo's amendment.

Note—On the Senate side, Illinois' Democratic Sen. Uaul Douglas has demanded a list of all retired officers who work for the 100 biggest defense contractors. He points out that 96 per cent of defense contracts are awarded without competitive bidding. Many of the military men who hand out these multimillion-dollar contracts later go to work for the companies they favored.

Mobile Telephones

The public hasn't paid much attention to it, but hearings are now being held before the Federal Communications Commission

which could give the telephone company a hold on trucking and taxi communications.

It's a hearing to allocate the radio spectrum for mobile radio—the radio used in taxis, trucking firms, oil and gas companies, to communicate with their units from a central office.

The American Telephone and Telegraph Company wants 75 megacycles of this precious space on the radio spectrum. It argues that more and more Americans are putting telephones in their cars. Actually, only 17,000 people installed telephones in their cars since 1946. Therefore, other mobile radio outfits claim that what American Tel and Tel really wants is to invade trucking and taxi communications.

Four Falcons

This year four young men graduate from the United States Air Academy. They will start a new line, in the shadow of Pike's Peak in the Rocky Mountains, that will soon compare with West Point's long grey line, and the cap tossing middies of Annapolis.

The four men graduating this June looked about average from a military standpoint when they entered the Air Force at its temporary headquarters in Denver in 1955. They were, however, far from average. They were "tops" physically and mentally and had to prove their all-around aptitudes.

Survival is a test of fitness in the Air Academy. After four years, the cadets have matured markedly. The rough academic schedule and the disciplinary grind has left its mark. Their ambitions have shifted from becoming "hot pilots" to science, astronautics, and similar fields. They seem to be interested in becoming leaders in a new age, officers who are equipped to deal with the realities of the social and political life of the world at large as well as with the technology of flight.

'June Bustin' Out...'

To some folks, everything happens in June. The roses bloom, young people graduate, others get married (some do both), vacation plans become crystallized, first jobs are experienced, the old car gets conditioned for the long motor trips. In a new one takes its place. Things happen in June.

After the great and various excitements are over, there comes a lull. Young people who are too young for jobs, or who can't get one, are bored because one phase of their lives is finished. After the honeymoon, the newly married couple must settle down to the business of living and adjusting to each other's personalities. The new job does not always turn out to be as glamorous as anticipated.

June may not be all moonlight and roses, but the "bustin' out" is a healthy part of American life. It is what happens as a consequence of the "bustin' out" that really matters. It is how one weathers the rest of the year that makes what happens in June most important.

Space Slangage

The jargon of the space age is a little difficult.

Even the congressmen who confer with the space scientists seem confused when the experts speak of exosphere, ionosphere, scrubbing missiles, hypersonic, ablating nose cones, vernier rockets, cislunar space and such.

To comprehend the phraseology, a person would have to be a physicist, chemist, engineer and astronomer all rolled into one. Even the scientists themselves have not yet agreed on the same word for the same meaning! In the Army, space begins at one altitude, to the Air Force and the National Aeronautics and Space Administration, altitude means something else.

The public will just have to wait until all the aeronauts can get together on "space slangage" and the words appear in the dictionaries before slinging it around.

The License

You've got to have a license
No matter who you are;
There's a license for your doggie
And a license for your car;
Then there's the driver's license
Where you have to pass a test;
There's a license for doing
Most the things that you like best
Like a license for hunting.
And one for fishing, too,
There's got to be a license
For most anything you do;
A license for your trailer.
One for your pickup truck,
It seems with a license
For everything you're stuck,
In any kind of business,
It does no good to fuss;
And there's a chauffeur's license
For driving a school bus.
The beauty operator,
The man who cuts your hair,
You've got to have a license
To sell things anywhere.
And even in your personal life
They still aren't satisfied
You've got to have a license
To take yourself a bride;
But there's no license on good friends
No license on good will,
No license on God-given things
To which we all may thrill.
And if we are among the ones
The license laws don't touch
Then it's a pretty certain thing
We don't have very much;
But still we have the sunshine
And the beauty of each day,
And all the little things in life
For which we never pay.

Missouri Gets Twenty-seven Fellowships

From Our Washington Bureau

WASHINGTON — The U. S. Office of Education will award 27 graduate fellowships to three Missouri universities for the academic year starting this fall.

The fellowships, which continue for three years, offer graduate students \$2,000 the first year, \$2,200 the second, and \$2,400 the final year.

The fellowships are awarded as part of the National Defense Education Act of 1958. The 1,000 which have been announced for this year will cost the government \$5.3 million and the program is to continue for several years.

The individual institution will select applicants to receive the federal grants. Here are the fellowships awarded in Missouri:

The University of Missouri, two in physics, eight in comparative vertebrate physiology; St. Louis University, five in Spanish and Latin American studies; Washington University, three in sociology and anthropology, five in English, and four in mathematics.

would wash them as soon as she had time.

She and her husband own a business, and as she was sitting in the office a day or so later, she saw the boy from the cleaners come in with a bunch of the plastic bags they put over clothes and as he passed by, she thought to herself, "Those look like my summer dresses." And so they were.

"Where did you get those dresses?" she asked the boy.

"Your husband brought them over to be dry cleaned," he told her.

"How did you happen to take my summer dresses over to be dry cleaned?" she asked her husband in disgust.

"Why, I just saw them on the bed and I thought you wanted them taken to the cleaners," he said in his best Boy Scout good deed manner.

But she didn't appreciate his Boy Scout act at all. She could have almost bought a new dress with that \$6 that he spent for dry cleaning those old summer dresses that needed only rinsing out — or maybe just pressing. And from now on she is going to watch herself to see that she doesn't put down any more wash clothes to get dry cleaned. But she probably doesn't need to worry. From now on she will likely have to take her clothes to the cleaners herself.—H. L.

RECENTLY A WOMAN received a letter from her six-year-old granddaughter. It was printed with effort but the real message was at the bottom of the page in pictures. The little girl had drawn a picture of a car, a suitcase, a little boy, a little girl, a big house, a pasture with a fence around it, in the center of which was a picture of a cow bigger than the house.

The picture message said, according to a note of translation by the little girl's mother, "We're coming to see you."—H. L.

To 'Remove An Injustice'

Rehabilitation Certificate For Vets With Bad Record

By Robert E. Hennessee
Of Our Washington Bureau

WASHINGTON — Thousands of GI's, discharged from the services under less than honorable conditions, soon may be able to apply to the Defense Department to have their bad records changed under a weird bill passed by the House.

The bill, which is expected to have easy traveling in the Senate, allows the Defense Department for the first time to change its records "to correct any error or remove an injustice."

Also, the bill calls for the establishment of a unique review board empowered to issue, if the Secretary of Defense agrees, an "Exemplary Rehabilitation Certificate." This august-sounding certificate sounds worse than a "general discharge" and not much better than an "undesirable discharge" and "dishonorable discharge."

The services, especially the Army, often are pretty haphazard about their discharges and tens of thousands of servicemen have been given less than honorable discharges, not by courts martial, but by some military officer or group of officers, without any judicial proceedings of any kind to back them up.

This writer remembers a young Michigan lad who lied about his age to get into the army. When his commanding officer discovered he was only 16 years old, he was booted out with an "undesirable discharge," a type more often given to minor criminals and sex perverts. The kid then had

to go back and face life with this stigma.

It is unlikely the services will admit error or injustice in many of its cases as this probably would lead to a Congressional investigation into the military judicial system, which bears little resemblance to Anglo-Saxon jurisprudence.

So, an Exemplary Rehabilitation Certificate will be the maximum that most veterans applying for a new discharge can expect.

Under the House bill, veterans cannot apply for the certificate until they have been out of service for at least three years.

To qualify for an ERC, the veteran must get his sheriff or police chief to give him a letter indicating good conduct since the discharge period; also the veteran's employer (if he has been able to find a job) must supply the Defense Department a letter "attesting to (the vets) general reputation and employment record"; plus five statements, duly notarized, from persons who have known him at least three years and who will attest to his good conduct and good character.

About all that isn't required for the certificate is a notice in the local newspaper announcing the veteran's bad military record and his desire to have it changed.

Many veterans probably will feel they can do just as well by issuing to themselves their own "Exemplary Rehabilitation Certificate," rather than leaving it to the military, who have had nothing to do with him during the "rehabilitation" period.

Starting Odds Now Favor Small Business Success

By FAYE HENLE

Perhaps never before has the opportunity for going into one's own business been as good.

This statement might be confusing to you who are wondering how long the present business upswing will last, you who are concerned about the rising cost of borrowing money. Yet, it's true. Here's why:

Historically business upswings have lasted an average of 27 months, though the 1954-57 expansion was of 35 months duration. It's been just about a year since recovery from the 1957-58 recession began. This means that, if history repeats, good times should be with us at least past mid-1960 and the prediction, with all the leading economic indicators pointing upward, is that it will continue even longer.

Granted, the cost of borrowing money is increasing. But the fact is that the number of lenders is also on the increase.

An important reason for this situation is the Small Business Administration Act. Including funds appropriated through 1960, it earmarks 700 million dollars of federal money for small business loans in addition to the private funds being raised by the growing number of companies operating under the SBA to finance new enterprises. And, these funds are additional to those of the traditional lending sources.

Studies of new business enterprises indicate that adverse financial conditions are not the prime reason for new enterprises going sour. Instead, the prime reason for failure is incompetent management, inadequate knowledge to sustain the business once it is started and insufficient funds.

Official figures show that exclusive of farms, professional practices and one-man businesses,

more than 700,000 enterprises are started or acquired each year, while only about 300,000 fail.

All indications point to the fact that as a nation we are novelty-hungry and that we have an insatiable appetite for new services. In these two areas opportunity appears bountiful.

You need not be highly skilled to take advantage of the chances that exist for starting a small business of your own. I'd rank as the prime requisites imagination and hard work.

A decade ago no one had heard of widowed Jennie H. Graves, the mother of a grown family, skilled with a needle. Today, the business she started in her basement to support herself and educate her children, has sales of more than \$1,500,000. What is this business? Vogue Dolls, Inc., created out of a love of making doll clothes and a rich understanding of little girls?

Her dolls are the "Ginny" dolls and if you are a rich uncle you can plunk down as much as \$175 just to outfit a "Ginny." You can buy "Ginny" dolls dressed in brides' outfits and nuns' habits; you can buy them in synthetic mink coats and in teachers' garbs wearing plastic spectacles or in roller skating gear complete with skates.

And, who's been able to bar their ears from Alvin, that rambunctiously vocal chipmunk who together with his brothers sold more records in a recent four-month period than any other performers in history have ever sold? Though vocal Alvin may be slowing, his creator is well on the way to pocketing \$750,000 (pre-tax) this year, the result of adding togs and toys to his record popularity. Alvin's creator is composer Ross Bagdasarian. Ever heard of him? I hadn't till long, long after I heard Alvin.

The Mature Parent

Behave Like a Reasonable Employer to Your Child

By Mrs. Muriel Lawrence

Writes Mrs. T., "Our daughter will give up weekend evenings to baby-sit for neighbors, but if we want her to look out for the younger children while we go out, there's always some excuse. She won't do it even for pay. What's the matter with a girl who'll do for strangers what she won't do for her own parents?"

Maybe the neighbors ask her to sell them her time as baby sitter. Do you ask or do you demand that she sell it to you?

If we're going to hire a child to do a special job for us, we have to grant him any prospective employer's right to take it or turn it down.

This is especially true of adolescent children.

Mrs. T.'s daughter is a case in point. She has discovered that her free time is her private property — and saleable. She's grown used to deciding whether she wants to trade her weekend evenings for money or whether she doesn't.

At this point it's as silly to try to force her to sell us her extra time as it would be to dispose of a younger child's comics without consulting him. All we do is to

appear very arbitrary and unfair.

If we start thinking of her extra time as her private property, we can begin to acknowledge her right to refuse to sell it to us.

There was a time when parents could demand all children's work and get it without pay or resentment. But that was long ago when families worked together for survival and everyone's work was regarded, not as saleable private property but as a contribution to the common welfare.

Today, except for routine chores, youngsters can't help thinking of their extra time as a commodity. They see their parents selling their time profitably as possible. I don't think we can afford hurt and outrage when they make it clear that their extra time is theirs and claim the right to sell it to strangers instead of to us.

If we want to hire them, we'd better start acting like reasonable employers instead of wounded doves. Let's define the job we offer, state the wage we're willing to pay, but leave the decision to do business with us to them. Otherwise everyone can get very mixed up and resentful.

Thar's Gold In Them Thar Eastern Hills

By BOB THOMAS
HOLLYWOOD (AP) — The gold rush is on, with TV's gunslingers heeding the cry, "go east, young man!"

This is the season for the Western stars to fill their pouches with loot from the hinterlands. They're heading east not by pony but by jet, to display themselves before admiring throngs at fairs, rodeos and whatever.

They sing a little, ride a little, tell jokes, rope and twirl their six-shooters. But mostly they just appear, smiling and signing autographs and basking in the popularity that television has brought them.

Figures released by the New Mexico State Fair Commission give evidence of the money to be had. Gene Barry (Bat Masterson) has been set for two appearances on one day at the September fair for \$2,000; Dale Robertson (Wells Fargo) for six appearances in three days at \$7,500. The Gunsmoke trio — Dennis Weaver, Amanda Blake, Milburn Stone — will come in for six appearances at \$8,500.

Robert Horton (Wagon Train) is making hay this summer with such dates as the Cincinnati Rodeo, Tulsa Horse Show, as well as playing "Picnic" in Detroit and "Guys and Dolls" in Warren, Ohio.

Chuck Connors and Johnny Crawford (The Rifleman) were booked for the St. Louis Police Circus and Omaha Rodeo.

Robert Culp (Trackdown) expects to earn \$70,000 this year from personals, probably as much as he gets from the series. Among his dates: Lincoln, Neb., Centennial, Salina and Coffeyville, Kan.

In the above scene James Stewart and Kim Novak come to dramatic grips in Alfred Hitchcock's suspense thriller, "VERTIGO." Co-feature "THE FOREST RANGERS," stars Fred MacMurray and Susan Hayward, a sizzling saga of men who fight fire and women who play with it. Both features are showing in color tonight and Monday at the 50 DRIVE-IN THEATRE.

Class of 15 Graduates At Clarksburg

By Myrtle Yarnell
CLARKSBURG — Carol Jean Donley, daughter of Mr. and Mrs. Lloyd Donley, Clarksburg, is valedictorian of the eighth grade graduation classes in Monticau County as well as her home school here.

Linda Maxine Martin, daughter of Mr. and Mrs. Frederick Martin, was salutatorian of the Clarksburg consolidated school. Commencement exercises were held Monday evening, May 25, for the fifteen members of the graduating class. The honor students were: Warren Dean Hunt, Harry Volcare, Denny Paul Yarnell, Norman Lee Howard, Herry Allen Martin, Walter Keith Powell, Lindsey Sue Silvey, Linday Faye Anderson, Carol Janet Ashley, John Dallas Baker, Richard Edward Elliott, Dora Jean Hodges, Franklin Lee Smith, Rev. J. D. Cooper addressed the class after being introduced by Mrs. Velda Allison. The class was presented by Mrs. Beulah Hudson. Diplomas were presented by O. Raymond McDaniel, County Superintendent of Schools.

Rev. Ivan Dameron gave the benediction and Mrs. Irma Johnston the devotional. The Clarksburg School had the largest eighth grade graduation class in Monticau County this year.

Mrs. O. W. Raithel attended a luncheon at the executive mansion in Jefferson City Wednesday.

Gilbert Heather returned Thursday from the Charles E. Still Hospital in Jefferson City where he underwent surgery.

Mayor and Mrs. Bud Carpenter purchased three lots and 35 extra feet of ground from Mr. and Mrs. L. E. Williams. They are in the north part of town and part of the late Maggie Steel property.

Mrs. Eugene Sullins has been employed as a teacher in the primary department of the Clarksburg school taking the place of Mrs. Irma Johnston who was not an applicant.

Five hundred gallons of strawberries were picked Saturday at the Lloyd Baughman farm north of Clarksburg. The berries are a very fine quality this year and are large in size. Seventy-five gallons were picked a week ago at their first picking.

Mrs. Joe Hunt returned home last week after being a patient the past five weeks at the Latham Sanitarium, California. Her mother, Mrs. J. W. Spencer, Boonville, is spending a while with Mr. and Mrs. Hunt and Warren.

Anniversaries For Church Near Concordia

By Mrs. Oscar Paul
CONCORDIA — St. Mathew's Lutheran Church, five miles southwest of town, celebrated two anniversaries on Sunday, the 60th year of the congregation and the 50th year of the morning services was Prof. Lorenz Wahlers, St. Louis. A basket supper was served at the local VFW hall to which all contributed. The Rev. F. A. Baepfer is the present pastor.

In a recent bond election over 90 per cent of the citizens voted and approved the proposed water and sewer improvement and expansion program. A special committee will be appointed to buy a land option for a lagoon and a land passage way that will lead to the lagoon. Orders will be placed for new water pipes.

Mr. and Mrs. Henry Kammeyer entertained guests recently in honor of the christening of their granddaughter, Kelly Diane, infant daughter of Mr. and Mrs. Roger Kammeyer.

Mr. and Mrs. Ledue Moehlman and Kenneth, Independence, were Sunday supper guests of Mr. and Mrs. Herman Moehlman.

Mr. and Mrs. Olen Kirchoff and daughter, Kansas City, and Mrs. Albert Weinberg and Linda, Warrensburg, were Sunday dinner guests of Mr. and Mrs. Adolph Kirchoff.

Mrs. Nadine Paul and Janet Silvis, Warrensburg, were Monday evening supper guests of Mr. and Mrs. Oscar Paul and son.

Youthful Enterprise
LANDRUM, S. C. — Chalk up another small businessman as a failure.

Jerry Clark, 6, strung up a barricade with his fishing tackle at a small bridge leading to his mother's beauty parlor.

He had cleared 21 cents — one per customer — when Mom, Mrs. Wayne Clark, put him out of business.

Picnic Dinner Honors Mrs. Fan Rehmer

A picnic dinner was given in honor of Mrs. Fan Rehmer, Stover, on her birthday recently at Liberty Park, Sedalia.

Those attending were: Mr. and Mrs. Gordon Spickard and children, Kansas City; Mr. and Mrs. Lavern Masters and family, Sedalia; Mr. and Mrs. Raymond Huffman and children, Stover; Mr. and Mrs. J. E. Fry and sons, Stover; Mrs. Beulah Fry, Mr. and Mrs. Rex Raines and children, Freeburg; and Mrs. Mary Heinz, Mr. Clyde Rehmer and daughter and Mrs. Bess Ashley and children also attended.

Mrs. Rehmer was celebrating her 67th birthday.

"I want you to meet 'The Young Philadelphians'..."

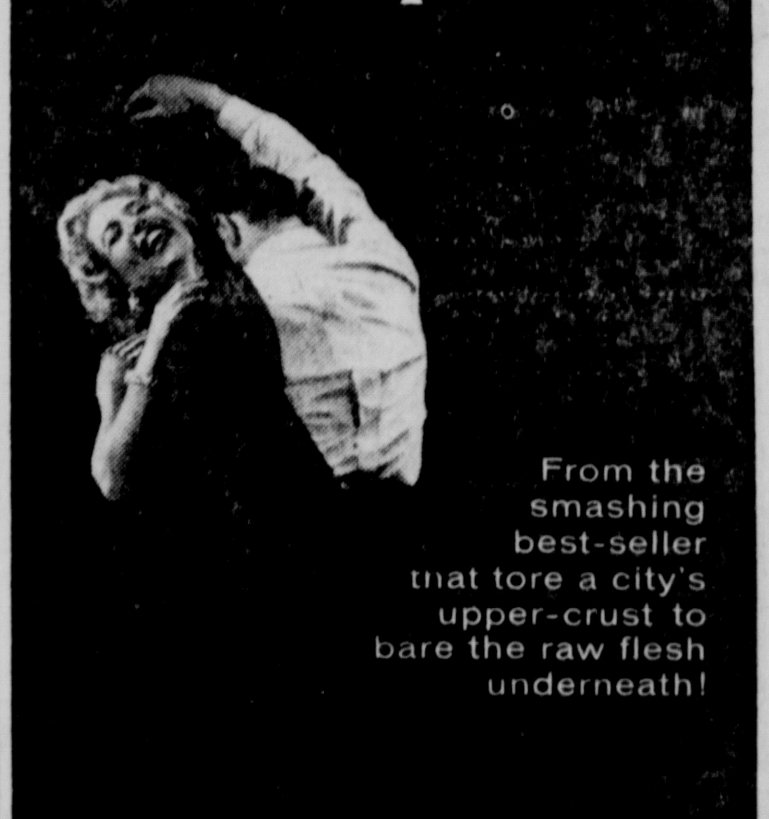

When I first saw this new motion picture I was impressed with its fast-moving and exciting story of a young man growing up in the social and business worlds of the city of Philadelphia. And then I suddenly realized something special was happening...

Young people like them are living right here—daily facing the same decisions about morals and marriage, fears and prejudices, jobs and ethics, parents and friends. You may recognize yourselves when you see this picture. That's why I think it rates special mention. That's why I think you'll all enjoy meeting 'The Young Philadelphians'...

Dinner Dance Kick-off For Centennial

The Syracuse Centennial to be held Saturday, June 20, is moving along in fine fashion and a kick-off fish dinner and dance was held at the Syracuse School Saturday evening.

Leonard Koenke, Jr., is president of the Centennial committee with Mrs. O. E. Cordry and Mrs. D. F. Schroeder serving as secretary-treasurer.

Mr. Miller, program chairman, states that entries are wanted as candidates for queen from the Syracuse, Tipton and Ottaville schools. The girls are to be from 13 to 18 years of age and those wishing to enter will please contact either Mrs. O. E. Cordry, Ottaville, or Mrs. D. F. Schroeder, Mrs. Helen Mummert, Mrs. Jim Wyatt or Mrs. A. C. Thomas, Syracuse.

The queen is to be selected through ticket selling to the ham breakfast to be held at the Syracuse school on the morning of the centennial, Saturday, June 20, from 6 to 7 o'clock. There will also be three cash prizes to be awarded to the girls selling the most ham breakfast tickets.

The breakfast will be followed by a parade starting promptly at 10 o'clock, and those wishing to participate, advises Mr. Miller, will be at the school house promptly at 9 o'clock.

There will be a basket dinner at 12 o'clock noon to be followed by a program. The band will meet the Missouri Pacific train in Tipton to escort a representative of the rail line to the program as a guest speaker.

The day's events will be completed with a dance from 9 to 12 at the school building.

Holds May Meeting

The Cole Camp Mother's Club met Thursday evening, May 21, in the home of Mrs. Herbert Meyer.

The meeting was operated by singing "Work for the Night Is Coming," chosen by the song leader; Mrs. J. T. Ahrens. Thirteen members answered roll call with "one way I plan work that helps me." Several members reported that their petunias planted as a club project were in bloom. The club voted to contribute to the Campbell-Harrison Home.

Mrs. Herbert Meyer and Mrs. Harold Jung gave the lesson on "Home Management." Mrs. T. H. Hill was in charge of the social hour. Prizes went to Mrs. Fred J. L. Grabau, Mrs. R. E. Harris and Mrs. A. H. Crider.

Refreshments were served by the hostess and the club adjourned to meet with Mrs. E. J. Kerk-sick Thursday, June 18.

Reunion at Stover

Through the efforts of one of its members, Mr. Sylvan Woolery, Sedalia, in getting the thirteen members of the class of 1929 Stover graduates together for a reunion, five of the group enjoyed last Saturday evening together in Stover, they were served dinner at Johnson's Cafe.

The Stover school building custodian escorted the group through the present school building. It was a pleasure to the group, all of whom are parents, to see the progress that has been made

Receives Degree From Rolla School of Mines

Gary Yows Gunn, Barnett, received his Bachelor of Science Degree from the School of Mines and Metallurgy, Rolla, with graduation exercises Sunday, May 31, at five o'clock at Jackling Field. Of a class of 472 Gary graduated

second honors in civil engineering. Major General Emerson Charles Itschner, Chief of Engineers, U.S. Army, Washington, D. C., gave the address, "The Engineers of the Future."

The Baccalaureate Service was Sunday, May 31, at 10 a.m., also at Jackling Field with the Rev. H. S. Anglin, Superintendent of Rolla District of Methodist Churches giving the address, "The Worth of a Man."

Gary has accepted a position with Black and Veatch Consulting Engineers of Kansas City and will leave June 8 for this position. Mrs. Marion Gunn and J. H. Yows of Barnett and Carl Yows, New Bloomfield, attended the graduation and baccalaureate services Sunday.

YES, RED BRAND FENCE

More and more of my customers are asking for Red Brand fence because they find it lasts longer... saves money in the long run, and saves plenty of fence-rebuilding work later. That's why we recommend Red Brand fence to you. We believe it is the best buy in fence today. Only Red Brand fence has the "Galvannealed" zinc coating over copper bearing steel wire... double protection against rust... means longer fence life.

Coal Couldn't Be Used

Officials Will Oppose Jump In Wholesale Gas Prices

The following is a reprint from the Kansas City Times of June 4:

Proposed rate increases sought by the Cities Service Gas company will be opposed before the Federal Power commission on behalf of industrial and commercial users in this area, officials of the Midwest Industrial and Commercial Gas Users association announced yesterday.

James Flynn, of the Sheffield

Steel division of Arco Steel corporation and president of the users association, said the organization would represent more than 100 industrial users of gas in Kansas and Missouri in the action.

Advisers Employed.
Flynn announced that Robert D. Youle, a partner in the firm of Lathrop, Richter, Blackwell, Gordon & Parker, had been employed as general counsel for the association and Stanley Whiteaker, a member of Troupe, Kehoe, Whiteaker and Kent, accountants, as utility consultant.

A part of the \$10,523,000 in rate increases sought by Cities Service, Flynn said, would result in 4.3 cents more a thousand cubic feet in the present rate for large industrial use.

"This would be an increase of 28.8 per cent in the wholesale industrial rate," Flynn said. "Present industrial rates are about 50 per cent higher than those in effect prior to April, 1953. The new increase will mean industrial gas costs have increased 75 per cent in six years."

Rate Fixed in 1956.
The present industrial rate of 13.5 cents per thousand cubic feet in Zone 1 and 15 cents in Zone 2 was fixed by the Federal Power commission in May, 1956.

Zone 1 includes the areas closest to the Hugoton gas fields in Kansas and Oklahoma, extending to an irregular line running north and south across Kansas and generally east of Topeka and slightly west of Emporia. Zone 2, which includes the Kansas City area, is comprised of the eastern edge of Kansas and the western edge of Missouri.

"This increased expense would affect some 300 businesses, many of which are heavy gas users in their industrial processes, and gas cost is an important expense to many business concerns," Flynn said. "Many industries have been attracted to the Kansas City area by availability of natural gas at reasonable rates as an advantage offsetting freight charges and distance from markets."

John Spence, president of the Faultless Linen and Laundry company and chairman of the association executive committee, said that much of the natural

gas available here would not be purchased at the higher rates.

Coal Too Far Away.

"If we allow this rate increase to go unchallenged, we will be building a fence around this area that will have a tendency to deter industrial development," Spence said. "We are so far removed from the major coal fields that freight rates make it impossible to use coal as a substitute."

"The increasing degree of refining of petroleum being carried out also makes the availability of fuel oil for industry open to serious question. A change in refining processes means that there will be 1,600,000 barrels less of fuel oil available in this area this year as compared to last."

Whiteaker said the loss of industrial gas consumers because
